#### **Application for Class A Television Broadcast Station Construction Permit or License**

A new FCC Form 302-CA (Application for Class A Television Broadcast Station Construction Permit or License) has been approved by the Office of Management and Budget and is now effective and available.

The FCC Form 302-CA is to be used by LPTV stations that seek to convert to Class A status in accordance with the Community Broadcasters Protection Act of 1999. Commencing Friday, June 9, 2000 and continuing for a six-month period, eligible LPTV licensees may file FCC Form 302-CA to convert the secondary status of their stations to the new Class A status. By separate Public Notice issued today, the Mass Media Bureau has announced the LPTV licensees deemed eligible to file an application for Class A status in accordance with the procedures set forth in the Commission's Report and Order in MM Docket No. 00-10, entitled "Establishment of a Class A Television Service," 15 FCC Rcd 6355 (2000).

The new FCC 302-CA is available through the Internet. To retrieve the new form by using the Internet, access the FCC's home page, <http://www.fcc.gov>, and click on the Forms link.
