

I. ATTACHMENT D

HOW TO MONITOR THE FCC AUCTIONS ON-LINE

The auction announcements and round results for Auction 80 will be accessible through the FCC Wide Area Network, the Internet, and the FCC's Automated Round Results System. You can check on round results and also read any material released by the Commission during the course of the auction. In the sections that follow, Options 1 and 2 list the information needed to track the auction from your computer; Option 3 lists an alternate method.

Conventions

The instructions in this section use the following typographical conventions:

bold Represents objects on the screen that you click with the mouse pointer, including buttons, Internet links, icons, tabs, menu items (e.g., **Cancel** button, **Auctions** link, **Save** option in the File menu).

italic Represents field names or areas of a screen (e.g., *Location* field, *Selected Licenses* area of a screen).

bold italic Represents characters that you must type exactly as they appear in the instructions. For example, if you are instructed to type ***http://wtbwww01.fcc.gov***, you should type all of the characters shown in bold italic exactly as they are printed.

SMALL CAPS Represents keys on the keyboard (e.g., ENTER, CTRL, ESC).

Note: Throughout these instructions, "enter" means to type the appropriate information and then press the ENTER key.

A. Option 1: Tracking the Auction via the FCC Wide Area Network

The FCC has implemented a Remote Access System that allows users to dial in directly to the FCC to view round results, auction announcements, and messages, and to make suggestions to the FCC regarding the FCC auction process.

1. Minimum Hardware and Software Requirements

The following minimum hardware and software is required to use the FCC Remote Access System:

a. Hardware Requirements

- CPU: Intel Pentium
- RAM: 16 MB (more recommended if you have multiple applications open)
- Modem: 28.8 Kbps Hayes compatible modem or faster (recommend 56.6 Kbps)
- Monitor: VGA or above
- Mouse or other pointing device

b. Software Requirements

- Operating System: Microsoft Windows 95/98
- Point-to-Point Protocol (PPP) Dialer: Use the Dial-Up Networking feature included with Windows 95/98
- Web Browser: Netscape® Communicator™ 4.73 is recommended. However, you can also use Netscape Communicator 4.5, 4.51, 4.61, 4.7, or 4.72 (Internet web browser software).

Note: To download Netscape Communicator 4.73 free of charge, access the Netscape download site at <http://home.netscape.com/download/>

2. Connecting to the FCC Network

To use the FCC Remote Access System, you must first connect to the FCC Network using Dial-Up Networking.

Dial-Up Networking connects to a 900 number telephone service at a charge of \$2.30 per minute. The first minute of connection time to the 900 number service is at no charge.

Dial-Up Networking establishes a point-to-point connection from your PC to the FCC Network. *This point-to-point connection is not routed through the Internet.*

For instructions regarding how to connect to the FCC Network using Dial-Up Networking, see the *Accessing the FCC Network Using Windows 95/98* attachment.

For technical assistance with installing or using FCC software, contact the FCC Technical Support Hotline at (202) 414-1250 (V) or (202) 414-1255 (TTY). The FCC Technical Support Hotline is generally available Monday through Friday from 7 a.m. to 10 p.m. ET, Saturday from 8 a.m. to 7 p.m. ET, and Sunday from 12 p.m. to 6 p.m. ET. *All calls to the FCC Technical Support Hotline are recorded.*

3. Using the FCC Remote Access System

After you have connected to the FCC Network, start your Netscape Web browser. In your browser's *Location* field, enter <http://wtbwww03.fcc.gov> and then click **Round Results Viewer**, **Suggestion Box**, or **Announcements**

Note: If you cannot access the preceding site, and you suspect there is a problem with your Domain Name Server (DNS), refer to *Accessing FCC Sites In Case of DNS Problems* at the end of this document. Or you can use the alternate location, <http://wtbwww26.fcc.gov>.

When you have finished, exit your Web browser, then disconnect from the FCC Network.

B. Option 2: Tracking the Auction via the Internet

You may use your Web browser to download announcements and round results from wtbwww01.fcc.gov – or from either of two secondary locations, wtbwww13.fcc.gov or www.fcc.gov/wtb/auctions/ -- as described in the following sections.

1. Downloading from wtbwww01.fcc.gov or wtbwww13.fcc.gov:

1. Connect to your Internet service provider and start your Web browser.
2. In the Location field of the Web browser screen, enter one of the following locations:
<http://wtbwww01.fcc.gov> or wtbwww13.fcc.gov

Note: If you cannot access either of the preceding sites, and you suspect there is a problem with your Domain Name Server (DNS), refer to *Accessing FCC Sites In Case of DNS Problems* at the end of this document.

3. Click Auction 80.

- For auction announcements, click **Announcements**.
- To download a bid import template file, click **Announcements**, then select **template.txt**.
- For auction round results, click **Results** and then click the subdirectory for the type of files you want to use:

mdb - Microsoft Access database files in *zipped* form

txt - text files

dbf - dBASE database files

4. Click the file you want to download.

2. Downloading from www.fcc.gov/wtb/auctions/:

1. Connect to your Internet service provider and start your Web browser.

2. In the *Location* field of the Web browser screen, enter the following location:
<http://www.fcc.gov/wtb/auctions/>

3. Do the following:

- a. In the *Auctions* section on the right, click **Blanco Texas Broadcast (#80)** under *In Progress*.
- b. Then click **Announcements, Programs, or Results**.
 - For auction announcements, click **Announcements**.
 - To download a bid import template file, click **Announcements**, then select **template.txt**.
 - For auction round results, click **Results** and then click the subdirectory for the type of files you want to use:

mdb - Microsoft Access database files *zipped*

txt - text files

dbf - dBASE database files

4. Then click the file you want to download.

3. Announcement Files

The announcement files will use the naming convention *aa_xxx.nn*, where *aa* is the auction number, *xxx* is the round number and *nn* is the announcement number. For example, 80_002.07 would represent an announcement for Auction 80 that was posted during round two and was the seventh announcement for the auction.

4. Round Results Files

For each round, dBase-compatible database files will be uploaded with the following naming conventions (where *xxx* represents the round number):

- 80_xxxS.DBF contains all bids submitted in a particular round
- 80_xxxW.DBF contains all bids withdrawn in a particular round (withdrawals are not permitted in auction 80)
- 80_xxxE.DBF contains the maximum eligibility and remaining number of waivers for each bidder
- 80_xxxH.DBF contains the high bid in a particular round and the minimum accepted bid for the next round

For those who cannot use the dBase-compatible database files, we will also upload the ASCII text (.TXT) version of these files with the same filenames as above (e.g., 80_xxxS.TXT, 80_xxxE.TXT).

In addition, if you want to use Microsoft Access, we upload the MDB access version of the round results files as a zipped file with a name of the form 80_xxx.ZIP.

File Formats: For a description of the internal formats of the round results files, refer to *Round Results File Formats* at the end of this document.

a. Locations of Uploaded Files

The newest round results are uploaded to the *Results* directory based on type of file format: dbf, mdb (zip files), and txt.

On the primary location, *wtbwww01.fcc.gov*:

- http://wtbwww01.fcc.gov/MMB/CP5/Auction_80/Results/dbf/
- http://wtbwww01.fcc.gov/MMB/CP5/Auction_80/Results/mdb/
- http://wtbwww01.fcc.gov/MMB/CP5/Auction_80/Results/txt/

If you cannot access these files at the preceding primary location, you can access the same files at either of the following secondary locations: *wtbwww13.fcc.gov* or *www.fcc.gov/wtb/auctions/*.

b. Archive Directories

After every 50 rounds, files will be moved from the Results directory to archive directories. The following listings show an example of the directory structure for an auction in round 102. Note that the results for rounds 101 and 102 would be in the *Results* directories.

On the primary location, *wtbwww01.fcc.gov*:

Rounds 1-50	http://wtbwww01.fcc.gov/MMB/CP5/Auction_80/Results/dbf/D001_050
Rounds 51-100	http://wtbwww01.fcc.gov/MMB/CP5/Auction_80/Results/dbf/D051_100
Rounds 101-102	http://wtbwww01.fcc.gov/MMB/CP5/Auction_80/Results/dbf/

Rounds 1-50	http://wtbwww01.fcc.gov/MMB/CP5/Auction_80/Results/mdb/M001_050
Rounds 51-100	http://wtbwww01.fcc.gov/MMB/CP5/Auction_80/Results/mdb/M051_100
Rounds 101-102	http://wtbwww01.fcc.gov/MMB/CP5/Auction_80/Results/mdb/

Rounds 1-50	http://wtbwww01.fcc.gov/MMB/CP5/Auction_80/Results/txt/T001_050
Rounds 51-100	http://wtbwww01.fcc.gov/MMB/CP5/Auction_80/Results/txt/T051_100
Rounds 101-102	http://wtbwww01.fcc.gov/MMB/CP5/Auction_80/Results/txt/

If you cannot access the files at the preceding primary location, you can access the same files at either of the following secondary locations: *wtbwww13.fcc.gov* or *www.fcc.gov/wtb/auctions/*.

C. Option 3: Tracking the Auction via the FCC's Automated Round Results System

Round results are also available from a touch-tone phone, using the FCC's Automated Round Results System. To access this system, dial 800-432-2110 from outside the Washington DC area and 202-414-1260 from within the Washington DC area. Once the system has been activated, you will follow the voice prompts. You will need to know the auction number (80, in this case) and the round number.

D. Accessing FCC Sites In Case of DNS Problems

When you enter a URL into your browser, the system must convert this alphanumeric text (e.g., *www.fcc.gov/wtb/auctions/*) into its associated numeric IP address (*192.104.54.3*, in this case). To make this conversion, the system checks URL-to-IP-address “lookup” tables in two different places.

First, it looks at the table contained in a file called **hosts** in the *c:\windows* directory on your computer’s hard drive. If the URL is not in that table, the system looks in the database on your Domain Name Server (DNS). However, if your DNS is unavailable for some reason, the system will not be able to find the IP address you requested.

The following procedure is intended to help ensure that you can access auction results files on the FCC’s Web and FTP sites if your designated DNS has problems. Note the following:

- The IP addresses shown in the following procedure are correct as of the date this document was created. They may have changed subsequently. In case of problems, please check with Tech Support at (202) 414-1250.
- Make entries in the **hosts** file *only* to work around DNS problems. We do not recommend leaving these entries in permanently; please remove them when your DNS problem has been resolved.

To add FCC-related URL entries to your computer’s hosts file, do the following:

1. Using Windows Explorer, ensure that the hosts file exists in your *c:\windows* directory. If *c:\windows* has no **hosts** file, use the Windows *Rename* function to change the name of the **hosts.sam** file to **hosts** (with no extension).

To do this, use your *right-hand* mouse button to click the **hosts.sam** file, then click the *Rename* option in the menu that appears.

2. Using a text editor of your choice, such as Wordpad or Notepad, open the hosts file in your *c:\windows* directory.

This file will already contain the following entry:

```
127.0.0.1    localhost
```

3. Using the same format (with at least one space between each number and its corresponding URL), add the following entries to the bottom of the file:

```
192.104.54.3  ftp.fcc.gov
192.104.54.3  www.fcc.gov
208.245.40.194 wtbftp02.fcc.gov
```

208.245.40.194 wtbwww01.fcc.gov
207.123.193.68 wtbftp01.fcc.gov
207.123.193.68 wtbwww01.fcc.gov

4. Save the file and exit your text editor.

Be sure that the file name has not changed to *hosts.txt* or *hosts.doc* or similar. It must remain just **hosts** (with no extension).

E. Round Results File Formats

This section describes the formats for the round results files that will be uploaded to the FCC Internet site after each round of the auction. These files are in *dbf* and *txt* format and contain the raw output of the auction data.

The round results files were used by the previous Excel based tracking tool produced by the FCC and are still being distributed for those bidders who use them for their own tracking purposes. The following layouts are for the dbf files. The txt files will have character field types.

1. ALL_BIDS file

mx_group	char(6)
freq_block	char(2)
round_num	numeric
bid_amt	numeric
bidder_num	numeric
fcc_acct	char(10)
date	char(10)
time	char(14)
net_bid_amt	numeric
sort_col_1	numeric
sort_col_2	numeric
sub_market	numeric

2. HIGH_BIDS file

mx_group	char(6)
freq_block	char(2)
bid_round	numeric
bid_amt	numeric
bidder_num	numeric
fcc_acct	char(10)
date	char(10)
time	char(14)
net_bid_amt	numeric
min_accept	numeric
num_of_bids	numeric

sort_col_1	numeric
sort_col_2	numeric
sub_market	numeric

3. MAXIMUM_ELIGIBILITY file

round_num	numeric
bidder_num	numeric
fcc_acct	char(10)
max_elig	numeric
rmng_waivr	numeric
waivr_ind	char(1)
rmng_withdrawals	numeric
required_act	numeric
current_activity	numeric

4. WITHDRAWALS file

mx_group	char(6)
freq_block	char(2)
bid_round	numeric
bid_amt	numeric
bidder_num	numeric
fcc_acct	char(10)
date	char(10)
time	char(14)
net_bid_amt	numeric
sort_col_1	numeric
sort_col_2	numeric
sub_market	numeric

5. BIDDER_CROSS_REFERENCE file

bidder_num	numeric
fcc_acct	char(10)
co_name	char(50)
bidding_credit_pctg	numeric
short_name	char(10)
bidder_num	numeric

F. Help

For technical assistance with installing or using FCC software, contact the FCC Technical Support Hotline at (202) 414-1250 (V) or (202) 414-1255 (TTY). The FCC Technical Support Hotline is generally available Monday through Friday from 7 a.m. to 10 p.m. ET, Saturday from 8

a.m. to 7 p.m. ET, and Sunday from 12 p.m. to 6 p.m. ET. *All calls to the FCC Technical Support Hotline are recorded.*
