NEW FCC FORM 323-E AVAILABLE FOR USE

A new FCC Form 323-E (Ownership Report for Noncommercial Educational Broadcast Station) is available for use. This revised FCC Form 323-E (September 2000 Edition) has been approved for use by the Office of Management and Budget.

The revised FCC Form 323-E is effective immediately and should be used by all noncommercial educational radio and television broadcast station permittees and licensees. This form should be used following the consummation of a Commission-approved transfer of control or assignment of permit or license and after Commission grant of a construction permit for a new radio or television station. Licensees should also use this form in submitting their biennial ownership report which should be filed starting February 1, 2001 and continuing through December 1, 2001.

The revised FCC Form 323-E is available through the Internet. To retrieve the new form by using the Internet, access the FCC's home page, <http://www.fcc.gov>, and click on the Forms link. Printed copies of the revised FCC Form 323-E (September 2000 Edition) will be available later this month.

The FCC 323-E is also available using the Mass Media Bureau Consolidated Database System (CDBS) electronic filing system. This system will provide the public with the ability to fill out FCC 323-E on-line via the Internet from the Mass Media Bureau's Web Site, <http://www.fcc.gov/mmb>, and to file them electronically with the Commission. Internet access to the CDBS requires a user to have, at a minimum, a browser such as Netscape version 3.04 or Internet Explorer version 3.51.

A copy of FCC Form 323-E (September 2000 Edition) is attached to this Public Notice.

**FCC 323-E
INSTRUCTIONS FOR OWNERSHIP REPORT**

GENERAL INSTRUCTIONS

1. This report is to be filed by non-commercial educational FM and Television broadcast stations as indicated below (see 47 C.F.R. Section 73.3615).
 - (a) By licensees on the anniversary date of the station's renewal application filing date and every two years thereafter.

If information submitted is equally applicable to each listed station, one annual report may be filed for all such stations; otherwise, a separate report shall be filed for each station on the appropriate filing date.

If there has been no change since the filing of the last biennial report, a certification may be filed in lieu of a new report, stating that the previously filed report has been examined and is currently accurate.
 - (b) By permittee or licensee following the consummation, pursuant to Commission consent, of a transfer of control or an assignment of license/permit.
 - (c) By permittee within 30 days after the grant of a construction permit for a new non-commercial educational radio or television broadcast station. The permittee is also required to update its initial report or to certify the continuing accuracy and completeness of that report when the permittee applies for a station license for that new station.
2. Electronic Filing of Application Forms. The Commission is currently developing electronic versions of various broadcast station application and reporting forms, such as this report form. As each application form and report goes online, the Commission will by Public Notice announce its availability and the procedures to be followed for accessing and filing the application form or report electronically via the Internet. For a six-month period following the issuance of the Public Notice, the subject application form or report can be filed with the Commission either electronically or in a paper format. Electronic filing will become mandatory, on a form-by-form basis, six months after each application form or report becomes available for filing electronically.
3. File one copy of this report with the Federal Communications Commission. Form 323-E's can be hand-delivered or mailed to the FCC's Washington, D.C. offices. See 47 C.F.R. Section 0.401(a).

4. Any contract or modification of contract relating to the ownership, control, or management of the licensee or permittee must be filed with the Commission, as required by 47 C.F.R. Section 73.3613. Attention is directed to the fact that Section 73.3613 requires the filing of all contracts of the types specified and is not limited to executed contracts, but includes options, pledges, and other executory agreements and contracts relating to ownership, control or management. This form should be used to report all types of transactions concerning agreements and voting control.
5. If the licensee or permittee is directly or indirectly controlled by another entity, a separate Form 323-E should be submitted for such entity.
6. This form is not to be used to report or request a transfer of control or assignment of license or construction permit (except to report a transfer of control or assignment made pursuant to prior Commission consent). The appropriate forms for use in connection with such transfers or assignments are FCC Forms 314, 315 and 316. It is the prime responsibility of the licensee or permittee to determine whether a given transaction constitutes a transfer of control or an assignment.
7. The official title of the respondent must be an officer of the licensee or permittee corporation or association, or in case of a governmental or public educational agency, a duly authorized administrative representative thereof.
8. Facility ID Number. Radio and TV Facility ID Numbers can be obtained at the FCC's Internet Website at www.fcc.gov/mmb/asd/seacall.html or by calling: Radio (202) 418-2730, TV (202) 418-1600. Further, the Facility ID Number is now included on all Radio and TV authorizations and postcards.
