Released: September 13, 2000

By the Associate Chief, Accounting Policy Division, Common Carrier Bureau:

I. INTRODUCTION AND BACKGROUND

1. In its *Carrier Change Orders*,¹ the Commission adopted rules applicable to carriers changing a consumer's preferred carrier.² In this Order, we grant INET Interactive Network System, Inc. (INET) a limited waiver of the authorization and verification requirements of the Commission's rules and *Carrier Change Orders*.³ We grant this limited waiver to the

³ On July 27, 2000, INET filed a Petition for Waiver of Commission Rules relating to INET's acquisition of the customer base of Group Long Distance, Inc. (GLD) (Waiver Petition). On September 7, 2000, INET filed a Supplemental Petition for Waiver (Supplement), which included drafts of two customer notification letters.

extent necessary to enable INET to become the preferred carrier of the consumers currently presubscribed to GLD, without first obtaining the consumers' authorization and verification.

2. Section 258 of the Communications Act of 1934, as amended by the Telecommunications Act of 1996, makes it unlawful for any telecommunications carrier to "submit or execute a change in a subscriber's selection of a provider of telephone exchange service or telephone toll service except in accordance with such procedures as the Commission shall prescribe."⁴ The goal of section 258 is to eliminate the practice of "slamming," the unauthorized change of a subscriber's preferred carrier. Pursuant to section 258, carriers are absolutely barred from changing a customer's preferred local or long distance carrier without first complying with the Commission's verification procedures.⁵ In the *Section 258 Order*, the Commission revised its procedures to ensure that carriers obtain the requisite authority prior to changing a customer's preferred carrier. The Commission requires that carriers follow one of the Commission's prescribed verification procedures before submitting carrier changes on behalf of consumers.⁶

3. INET seeks a waiver of our verification rules to allow INET to be designated the preferred long distance carrier for the customers of GLD without first obtaining each customer's authorization and verification. Because we conclude that, under the circumstances presented, it is in the public interest to grant the waiver, we grant INET a waiver, subject to the conditions represented in its filings.

II. DISCUSSION

4. Generally, the Commission's rules may be waived for good cause shown.⁷ As noted by the Court of Appeals for the D.C. Circuit, however, agency rules are presumed valid.⁸ The Commission may exercise its discretion to waive a rule where the particular facts make strict compliance inconsistent with the public interest.⁹ In addition, the Commission may take into account considerations of hardship, equity, or more effective implementation of overall policy on an individual basis.¹⁰ Waiver of the Commission's rules is therefore appropriate only if special

⁴ 47 U.S.C. § 258.

⁵ The Commission's rules and orders clearly contemplate that a switchless reseller may be a customer's preferred carrier. Therefore, changes to a customer's preferred carrier that do not involve a change in the customer's underlying facilities-based carrier are nonetheless subject to the Commission's authorization and verification rules. See *Section 258 Order* at paras. 145-146; *WATS International Corp. v. Group Long Distance (USA), Inc.*, 12 FCC Rcd 1743, 1752 (1997) (citing *PIC Change Recon. Order*, 8 FCC Rcd at 3218).

⁶ Pursuant to these procedures, a carrier must: (1) obtain the subscriber's written authorization; (2) obtain confirmation from the subscriber via a toll-free number provided exclusively for the purpose of confirming orders electronically; or (3) utilize an independent third party to verify the subscriber's order. See 47 C.F.R. § 64.1150.

circumstances warrant a deviation from the general rule, and such a deviation will serve the public interest.¹¹

5. We find that INET has demonstrated that good cause exists to justify a limited waiver of the Commission's authorization and verification requirements to the extent necessary to enable INET to transfer to its own customer base the affected GLD long distance customers. In the Waiver Petition, INET, a California corporation, states that it will acquire certain assets of GLD, a Florida corporation, including its customer base.¹² Upon discontinuance of service by GLD, INET will provide interexchange services on a presubscription basis to the former customers of GLD.

6. We conclude that special circumstances exist to justify a waiver. Without this waiver, the service of some former GLD customers might temporarily be interrupted when GLD ceases providing presubscribed service to customers who fail to respond in a timely fashion to requests for preferred carrier change authorization; those customers might also pay potentially higher casual calling rates after the discontinuance of presubscribed service. We conclude that a waiver of the Commission's carrier change rules and orders is necessary to provide a seamless transition with no disruption of service to the transferred customers.

7. We find that INET has demonstrated that a limited waiver of the authorization and verification rules is in the public interest because it will prevent consumers from temporarily losing service or paying significantly higher rates, and because INET has agreed to notify the affected customers as described below. INET states that it will undertake a two-step process to notify the affected customers of the transfer. In a first letter, INET will inform customers of the proposed transfer and assure them that no charges or rate increases will be imposed as a result of the transfer.¹³ INET states that it will also advise the affected customers that they can choose a different preferred carrier, should they desire to do so.¹⁴ In addition, customers will be given a toll-free number to call with any questions they may have about the transition. According to INET, once the proposed transfer has been consummated, INET will notify these customers of that event and reiterate the foregoing information, assurances, and advice.¹⁵ INET has agreed that, if the Commission waives its rules to permit INET to provide service to GLD's former customers, INET will work with the complainants and the Commission to investigate and resolve any outstanding customer complaints regarding services provided by GLD.¹⁶ We conclude that

these conditions will adequately protect the rights of the transferred customers of GLD.

8. For the foregoing reasons, we grant INET a waiver of the authorization and verification requirements of our rules for the limited purposes described above. The grant of this waiver is conditioned upon INET's provision of customer notification and handling of customer complaints, as described above and further detailed in the Waiver Petition and Supplement.

III. ORDERING CLAUSES

9. Accordingly, pursuant to authority contained in Sections 1, 4, and 258 of the Communications Act of 1934, as amended, 47 U.S.C. §§ 151, 154, 258, and the authority delegated under sections 0.91, 0.291, and 1.3 of the Commission's rules, 47 C.F.R. §§ 0.91, 0.291, 1.3, the waiver request filed by INET Interactive Network System, Inc. on July 27, 2000, and supplemented on September 7, 2000, IS GRANTED to the extent indicated herein.

10. IT IS FURTHER ORDERED that this Order is effective upon release.
