**MyHomeKey.com, Inc. Seeks Commission Determination of "Exempt
Telecommunications Company" Status Under the Public Utility Holding Company
Act**

**NSD File No: ETC 00-44
Pleading Cycle Established**

Comments Due: December 22, 2000 Reply Comments Due: December 29, 2000

On November 06, 2000, myHomeKey.com, Inc. ("MHK"), pursuant to section 34(a)(1) of the Public Utility Holding Company Act of 1935 ("PUHCA"), as added by section 103 of the Telecommunications Act of 1996, Pub. L. No. 104-104, filed an application requesting a Commission determination that it is an exempt telecommunications company ("ETC").

The application states KeySpan Corporation ("KeySpan"), a New York corporation, is a diversified public utility holding company pursuant to PUHCA. KeySpan, through its wholly-owned subsidiary, KeySpan MHK, Inc. ("KMHK"), has acquired an approximately 18% equity interest in MHK, a Delaware corporation. Therefore, MHK is an "affiliate" of KeySpan.

The application states MHK will establish and maintain an Internet-based website which will serve as: (1) a national platform for energy and home-related goods and services and (2) an aggregator of energy and home-related services from goods and services providers of national scope. The website links made available by MHK and KMHK will offer a broad range of energy related and consumer services.

The application states that MHK will offer a national website that incorporates software and software-integration systems which can be accessed by local websites operated by MHK licensees. It is intended MHK licenses will be energy companies throughout the United States. Each licensee will establish and maintain its own website which will be accessed through MHK master site. The users of the MHK licensees' websites will be able to access a wide variety of services, including: (i) identifying and scheduling local and national providers of routine and emergency energy and home-related services (plumbing; HVAC installation, maintenance and repair; roofing; carpet cleaning; security system installation and monitoring; etc.); (ii) purchasing and scheduling installation of home appliances; (iii) monitoring and remotely controlling energy usage in the home environment; (iv) purchasing energy through links with other websites; (v) paying utility and other bills; (vi) monitoring community calendars (*e.g.*, civic events, governmental meetings, Little League games); (vii) making reservations and purchasing tickets for

local activities (e.g., restaurants, movies, sporting events), and (viii) managing residential relocations. KMHK has entered into license agreement with MHK pursuant to which KMHK will develop, operate and maintain a local website featuring Keyspan companies. KMHK's license agreement with MHK designates six states as KMHK's geographic territory (i.e., New York, New Jersey, Connecticut, Massachusetts, New Hampshire and Rhode Island).

The application states MHK, accordingly, will be engaged directly or indirectly, wherever located, through one or more affiliates, in the business of providing: (i) telecommunications services; (ii) information services; (iii) other services or products subject to the jurisdiction of the Federal Communications Commission, or (iv) products or services that are related or incidental to the provision of a product or service described in (i), (ii) or (iii) above. In addition to these activities, MHK may also engage in such other business activities as are consistent with the definition of an ETC set forth in Section 34(a)(1) of PUHCA.

In accordance with 47 C.F.R. section 1.5004, if the Commission does not issue an order denying an ETC application within 60 days of receipt of the application, in this case, **January 5, 2001**, the application will be deemed granted as a matter of law. In accordance with 47 C.F.R. section 1.5003, a person applying in good faith for a Commission determination of ETC status is deemed to be an ETC from the date of receipt of the application, in this case, **November 6, 2000**, until the date of Commission action pursuant to 47 C.F.R. section 1.5004. In accord with 47 C.F.R. section 1.5005, the Secretary of the Commission is now notifying the Securities and Exchange Commission (SEC) that the Applicant is deemed to be an exempt telecommunications company. In the event that the Commission issues an order within 60 days of receipt of the application denying the application, the Secretary will so notify the SEC. Otherwise, the Commission will take no further action to grant this application.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's *ex parte* rules. See generally 47 C.F.R. sections 1.1200 - 1.1206. Persons wishing to file comments regarding the adequacy or accuracy of the Applicants' application requesting status as an ETC must do so no later than **December 22, 2000**. All comments should also be served on the Applicant. Reply comments must be filed no later than **December 29, 2000**.

Interested parties should file an original and four copies of their comments with the Office of the Secretary, Federal Communications Commission, 445 Twelfth St., SW, Room TW-A325, Washington, D.C. 20554. In addition, parties should send one copy to ITS, at 1231 20th Street, NW, Washington, D.C. 20036 and two copies to Carmell Weathers, Common Carrier Bureau, Network Services Division, FCC, 445 12th Street, SW, Room 6-A207, Washington, D.C. 20554. All filings concerning any matters referenced in this Public Notice should refer to NSD file number **ETC-00-44**.

The application will be available for public inspection and copying during regular business hours at the FCC Reference Information Center, Portals II, 445 12th Street, SW, Room CY-A257, Washington, DC 20554. The application may also be purchased from the Commission's copy contractor, International Transcription Service, Inc.
