DA 00-593
Released: March 16, 2000

**Office of Engineering and Technology Extends Deadline for Submitting
Information on Medical Telemetry Equipment Operating in the
450-460 MHz Band until March 31, 2000**

Approved by
OMB 3060-0915

The Office of Engineering and Technology issued a public notice on October 20, 1999, DA 99-2244 asking parties operating medical telemetry equipment in the 450-460 MHz band to assist the Commission by providing certain information on their operation. The information was requested to aid the Commission in determining whether it is feasible to lift the currently effective freeze on the filing of Part 90 applications for high-power operation in the 450-460 MHz band on the 12.5 kHz offset channels without adversely affecting existing medical telemetry operations. In order to ensure that parties have sufficient time to respond to that notice and to comply with statutory requirements on information collections, we are extending the deadline for responding until March 31, 2000. Parties are asked to respond to the following address:

Chief, Office of Engineering and Technology
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

A summary of the public notice was published in the Federal Register on November 1, 1999, 64 FR 58847, and the complete text is available on the Commission's Internet site at: www.fcc.gov/Bureaus/Engineering_Technology/Public_Notices/1999/da992244.html.

The public reporting for this collection of information is estimated to average 8 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the required data, and completing and reviewing the collection of information. If you have any comments on this burden estimate, or how we can improve the collection, please write to the Federal Communications Commission, AMD-PERM, Paperwork Reduction Project (3060-0915), Washington, DC 20554. We will also accept your comments via the Internet if you send them to jboley@fcc.gov. Please do not

send completed information to this address.

you are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060-0915.

For further information about this notice, please contact Hugh L. Van Tuyl at: (202) 418-7506, email: hvantuyl@fcc.gov.
