**PLEADING CYCLE ESTABLISHED FOR COMMENT ON  
QWEST COMMUNICATIONS INTERNATIONAL INC.  
REPORT ON PROPOSED DIVESTITURE  
OF ITS LONG DISTANCE ACTIVITY IN THE U S WEST REGION  
CC DOCKET NO. 99-272**

**Released: April 14, 2000**

**Comments due: May 5, 2000**

**Reply Comments due: May 12, 2000**

On August 19, 1999, Qwest Communications International Inc. (Qwest) and U S WEST, Inc., (U S WEST) filed joint applications pursuant to sections 214 and 310 of the Communications Act and sections 34-39 of the Cable Landing License Act (Applications), asking the Federal Communications Commission (Commission) to approve the transfer of control of licenses and lines.<sup>1</sup> On March 10, 2000, the Commission issued a Memorandum Opinion and Order (March 10 Order) approving the Applications subject to the requirement that, prior to closing the merger, Qwest and U S WEST (the Applicants) must comply with section 271 of the Communications Act by divesting Qwest's interLATA businesses originating in the U S WEST region. The March 10 Order also required that the Applicants submit a divestiture report to be reviewed by the Commission.<sup>2</sup> The Commission concluded that the licenses and lines would not be transferred until: (i) the full Commission determines that the divestiture would result in a merger that satisfies

<sup>2</sup> 47 U.S.C. § 271. Section 271(a) states that "[n]either a Bell operating company, nor any affiliate of a Bell operating company, may provide interLATA services except as provided in this section." There are several exceptions to this prohibition. Section 271(b)(1) allows a Bell Operating Company to "provide interLATA services originating in any of its in-region States . . . if the Commission approves the application of such company for such State under subsection (d)(3)." 47 U.S.C. 271(b)(1). To date, U S WEST has not obtained such authority in any of its in-region states.

section 271; and (ii) any such divestiture has been consummated.<sup>3</sup> On April 14, 2000, Qwest submitted a divestiture report to the Commission in which Qwest proposes to irrevocably sell its in-region interLATA businesses to Touch America, Inc., a subsidiary of Montana Power Company.<sup>4</sup> According to Qwest, the “report provides a complete discussion of Qwest’s pending transaction with Touch America, Inc. . . . [and] explains in detail the services to be assumed by Touch America, the network assets and employees it is acquiring, and all agreements and understandings between the parties.”<sup>5</sup> Qwest further states “the report also addresses every other issue identified by the Commission in the [March 10 Order], and demonstrates that Qwest will be in full compliance with Section 271 at the time of the U S WEST merger closing.”<sup>6</sup>

Through this Public Notice, the Commission seeks comment on whether the divestiture, as described in the divestiture report, would result in a merger that complies with section 271 and Commission precedent, in particular, *AT&T v. Ameritech*.<sup>7</sup> Interested parties must submit comments no later than **May 5, 2000**. The Applicants and interested parties may file reply comments no later **May 12, 2000**. **All filings regarding any aspect of the proposed merger should reference the Common Carrier Bureau docket assigned to this proceeding, CC Docket No. 99-272.**

The Commission shall issue a second order in this docket no later than 45 days after the public comment period closes, provided the Commission is satisfied that the record before it is accurate and complete, and that no further information is required. The second order shall state whether the merger may proceed and whether the divestiture results in a merger that complies

<sup>5</sup> Letter from R. Steven Davis, Senior Vice President, Government Affairs, Qwest, to Magalie R. Salas, Secretary, FCC, April 14, 2000.

<sup>6</sup> *Id.* The March 10 Order required that “all ambiguity surrounding Qwest’s provision of interLATA services must be resolved prior to the merger closing.” March 10 Order, para. 24. The March 10 Order further states that the divestiture report “be placed on public notice for comment from all interested parties only after a senior Qwest executive certifies under oath that the information in the filed divestiture report is true and accurate.” *Id.* at para 26. Qwest has certified that the divestiture report filed today is true and accurate. See Affidavit of Dominic A. Gomez, Senior Vice President of Qwest.

with section 271.<sup>8</sup> In making that determination, the following are of particular importance to the Commission:

- whether there is any evidence that the transaction was not conducted at “arm’s length,” or whether Touch America, Inc. was required to purchase unnecessary or unwanted support services;
- whether any agreement would result in indirect ownership or control of Touch America, Inc. by the Applicants;
- whether there exists any joint marketing or other arrangement that would violate the Commission’s ruling in *AT&T v. Ameritech*;
- whether the Applicants’ Internet arrangement with Touch America, Inc. to transport packaged data to Qwest routers out of region complies with section 271; and
- whether any on-going Qwest business concern raises section 271 issues.

The Commission also welcomes comment on whether the Applicants have any affiliation that implicates section 271.<sup>9</sup>
