**NOTICE OF PROPOSED RULE MAKING**

**Adopted:** April 11, 2001

**Comment Date: June 11, 2001**

**Reply Comment Date: June 26, 2001**

By the Chief, Allocations Branch:

1. The Allocations Branch has before it a petition for rulemaking filed by Butterfield Broadcasting Corporation ("petitioner") licensee of Stations KZTA(FM), Naches, Washington and KZTB(FM), Sunnyside, Washington. Petitioner proposes to substitute Channel 245C2 for 245A at Naches and modify Station KZTA's license accordingly, and to reallocate Channel 244A from Sunnyside to Benton City, Washington, and modify Station KZTB's license accordingly. Petitioner states that it will file the necessary applications to effectuate the modifications, if granted.

2. Petitioner seeks to invoke the provisions of Section 1.420(i) of the Commission's Rules which permits the modification of a station's authorization to specify a new community of license without affording other interested parties an opportunity to file competing expressions of interest.<sup>1</sup> This provision applies because the proposal to allocate Channel 244A at Benton City is mutually exclusive with Station KZTB's current allotment of Channel 244A at Sunnyside. In addition, the allotment of Channel 244A at Benton City will provide the community with a first local transmission service, will not deprive Sunnyside of its sole aural local transmission service<sup>2</sup> and falls within priority (3) of the FM allotment priorities.<sup>3</sup>

3. In support of the proposals, petitioner states that they will serve the public interest because

<sup>1</sup> See Report and Order in MM Docket No. 88-526 ("Change of Community R&O"), 4 FCC Rcd 4870 (1989), recon. granted in part, 5 FCC Rcd 7094 (1990) ("Change of Community MO&O").

<sup>2</sup> Petitioner states that Sunnyside also receives local service from NCE Station KAYB(FM), and AM Station KZTS (also licensed to Butterfield).

<sup>3</sup> The FM allotment priorities are: (1) First full-time aural service; (2) Second full-time aural service; (3) First local service; and (4) Other public interest matters. [co-equal weight given to priorities (2) and (3).] See *Revision of FM Assignment Policies and Procedures*, 90 FCC 2d 88 (1982)

the incorporated community of Benton City, 1990 U.S. Census population 1,806 persons, will receive its first local aural transmission service. Petitioner states that Benton City is a community for allotment purposes. It has a mayor/city council form of local government, local post office and zip code, shared school district, city water system and monthly newspaper with a paid circulation of 3,700, and a variety of retail establishments and employers.

4. It also states that the proposal will promote the public interest because it will eliminate the Section 73.213(c)(2) grandfathered short-spacing between Stations KZTA and KZTB. In addition, the upgrade at Naches will allow Station KZTA to provide enhanced service to the community and to a broader listening area. Petitioner also claims that with the overlap of the Naches upgrade and the change of community from Sunnyside to Benton City, a combined total of 157,055 persons will receive an additional service. Finally, it states that no white, gray, or underserved areas will be created.

5. We believe that these proposals could serve the public interest and we invite comment on them. Channel 245C2 can be allotted at Naches at a site 19.5 kilometers (12.1 miles) southwest of the community.<sup>4</sup> Channel 244A can be allotted to Benton City at a site 4.9 kilometers (3.1 miles) east of the community.<sup>5</sup>

6. Accordingly, we seek comments on the proposed amendment of the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, for the communities listed below, to read as follows:

<u>City</u>	<u>Channel No</u>	
	<u>Present</u>	<u>Proposed</u>
Naches, Washington	245A	245C2
Sunnyside, Washington	244A	---
Benton City, Washington	---	244A

7. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

8. Interested parties may file comments on or before June 11, 2001, and reply comments on or before June 26, 2001, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554. Additionally, a copy of such comments should be served on the petitioner, or its counsel or consultant, as follows:

<sup>4</sup> The coordinates for Channel 245C2 at Naches are NL 46-36-02 and WL 120-56-06.

<sup>5</sup> The coordinates for Channel 244A at Benton City are NL 46-14-48 and 120-25-40.
