NOTICE OF PROPOSED RULE MAKING

Adopted: April 11, 2001

Released: April 20, 2001

Comments Date: June 11, 2001

By the Chief, Allocations Branch:

1. The Allocations Branch has before it a petition for rule making filed by Vox New York, LLC (“petitioner”), licensee of Stations WHTR(FM), Corinth, New York, and WFFG-FM, Hudson Falls, New York, proposing the substitution of Channel 229A for Channel 228A at Corinth, New York, the reallocation of Channel 229A from Corinth to Scotia, New York, and the modification of the license of Station WHTR(FM), accordingly. It also proposes to reallocate Channel 296A from Hudson Falls, New York, to Corinth, and to modify the license for Station WFFG-FM, accordingly.

2. Petitioner seeks to invoke the provisions of Section 1.420(i) of the Commission’s Rules which permits the modification of a station’s authorization to specify a new community of license without affording other interested parties an opportunity to file competing expressions of interest.¹ It states that each of its proposals falls within the provisions of this rule because the proposal to allocate Channel 229A at Scotia is mutually exclusive with Station WHTR’s existing authorization for Channel 228A at Corinth, and its proposal to reallocate Channel 296A from Hudson Falls to Corinth is mutually exclusive with Station WFFG-FM’s current allotment of Channel 296A at Hudson Falls. It also notes that the allotment of Channel 229A at Scotia will provide the community with a first local transmission service and retains a first local service at Corinth, it falls within priority (3) of the FM allotment priorities and will serve the public interest.²

3. In support of the proposals, petitioner states that Scotia is a community for allotment purposes. It states that the village of Scotia, with a U.S. Census population of 7,359 persons, is a

² The FM allotment priorities are: (1) First full-time aural service; (2) Second full-time aural service; (3) First local service; and (4) Other public interest matters. [co-equal weight given to priorities (2) and (3).] See Revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1982).

community and is independent of the larger Albany/ Troy/ Schenectady Urbanized Area of which it is a part. It states that the proposal will provide a city-grade signal to less than 25% of the Urbanized Area. Petitioner also states that the community is independent of the Urbanized Area and provides an analysis of the community using the factors delineated in *Faye and Richard Tuck, Inc.*³ to prove its independence of the Urbanized Area.

4. We believe that the two reallocations together will serve the public interest. We note that we would be reluctant to allow the reallocation of Channel 229A from Corinth to Scotia, standing alone, because it would result in the removal of the sole local transmission service from Corinth.⁴ However, considering the two proposals together, we believe that they will result in a preferential arrangement of allotments because Scotia will gain its first local transmission service and Corinth retains its sole local transmission service.

5. Channel 229A can be reallocated from Corinth to Scotia at a site restriction of 9.9 kilometers (6.2 miles) northwest of the community.⁵ Channel 296A can be reallocated from Hudson Falls to Corinth at petitioner’s licensed site 5 kilometers (3.1miles) east of the community.⁶ Petitioner states that there is no change of transmitter site and therefore no gain or loss in area or population. However, our analysis shows that while Corinth is not in the Glen Falls Urbanized Area, the proposal will continue to provide a city-grade signal to 100% of that Urbanized Area. We note that that because the reallocation involves no site change and Station WFFG-FM will be providing the same amount of coverage to the Glen Falls Urbanized Area,⁷ we do not require an analysis of the communities pursuant to the policies enumerated in *Faye and Richard Tuck* because the proposal does not constitute a migration to an urbanized area warranting application of this policy.

6. Accordingly, we seek comments on the proposed amendment of the FM Table of Allotments, Section 73.202(b) of the Commission’s Rules, for the communities listed below, to read as follows:

<u>City</u>	<u>Channel No.</u>	
	<u>Present</u>	<u>Proposed</u>
Scotia, NY	--	229A
Corinth, NY	228A	296A
Hudson Falls, NY	269A, 296A	269A
