**Comment Date: December 8, 2000    Reply Date: December 26, 2000**

On September 14, 2000, Region 19 submitted a proposed amendment to its Public Safety Plan that would revise the current channel allotments to reflect changes made as a result of its seventh window application process. The requested amendment proposes modification of the Region's frequency allocation tables to provide new assignments for the Connecticut State Police, Berkshire County (Massachusetts) Sheriffs and the Hyannis (Massachusetts) Fire Department.

In accordance with the National Public Safety Plan, each region is responsible for planning its use of public safety radio frequency spectrum in the 821-824/866-869 MHz bands.<sup>1</sup> The Public Safety Plan for Region 19, which was adopted by the Commission on April 26, 1990, governs the use of frequency assignments in the 821-824/866-869 MHz within the New England area.<sup>2</sup>

The Commission is soliciting comments from the public before taking action on this proposed plan amendment. Interested parties may file comments to the proposed amendment on or before December 8, 2000, and reply comments on or before December 26, 2000. Commenters should clearly identify all comments and reply comments, whether submitted electronically or as paper copies, as submissions to General Docket 90-53 New England Public Safety Region 19.
