ORDER

Adopted: May 23, 2001

Released: May 24, 2001

By the Chief, Cable Services Bureau:

1. On March 14, 2001, the Communications Workers of America (“CWA”) filed the above-captioned complaint alleging several violations of the Commission’s Part 76 public inspection file requirements by AT&T Broadband LLC (“AT&T”).¹ CWA alleged that the inadequate state of AT&T’s public inspection files also raised questions regarding AT&T’s compliance with the Commission’s signal leakage requirements. AT&T requested and received an extension until May 19, 2001 to file a response to CWA’s complaint. Thereafter, on May 8, 2001, CWA and AT&T jointly requested withdrawal of CWA’s complaint.

2. Accordingly, CWA’s complaint is hereby dismissed. This action is without prejudice to any enforcement action the Commission may take against AT&T for violations of the Commission’s rules.
