**NOTICE OF PROPOSED RULE MAKING**

By the Chief, Video Services Division:

1. The Commission has before it a petition for rule making filed by Duluth-Superior Area Educational Television Corporation ("Duluth"), an applicant for a construction permit for a new noncommercial educational television station to operate on NTSC channel \*18 at Hibbing, Minnesota.<sup>1</sup> Duluth requests the addition of DTV channel \*31 at Hibbing as a replacement for NTSC channel \*18 as specified in Duluth's pending application.

2. Duluth seeks to invoke the provisions outlined in the Commission's Public Notice ("*Public Notice*") released on November 22, 1999, DA 99-2605. In that *Public Notice* the Commission announced a window filing opportunity to allow persons with certain pending requests for new analog (NTSC) television stations to modify their requests.<sup>2</sup> In this case, Duluth

<sup>1</sup> By letter dated October 7, 1996, the Video Services Division notified Duluth that its application for channel \*18 at Hibbing was unacceptable. Subsequently, Duluth filed a Petition for Reconsideration or, In the Alternative, Waiver of the Cut-Off For Filing NTSC Television Applications and Request for a Waiver of the ATV Freeze. To the extent necessary, Duluth's Petition for Reconsideration is granted and its application for channel \*18, Hibbing, Minnesota, is returned to pending status.

<sup>2</sup> Specifically, the window was available for (1) amendments (other than channel changes) to pending applications for a new full-service NTSC television stations on channel 2-59; (2) petitions for rule making seeking a new channel below channel 60 for those applicants with pending applications for new full-service NTSC television stations on channels 60-69; (3) petition for rule making seeking a new channel below 60 for those applicants with pending applications for a new full-service NTSC television stations on channels 2-59 at locations inside of the "TV Freeze Areas"; and, (4) amendments to pending rule making petitions to amend the TV Table of

states that it is filing its petition pursuant to the provision in the *Public Notice* that affords an opportunity for the submission of petitions for rule making seeking a new channel by entities with pending applications for new full-service NTSC television stations on Channel 2-59 which propose locations inside designated "TV Freeze Areas". Duluth notes that the window also permitted the submission of amendments to pending Freeze Area NTSC applications to specify DTV operation. In support of its proposal, Duluth states that channel \*18 is no longer usable for NTSC purposes because of the allotment of channel 18 to KAWE-DT, at Bemidji, Minnesota. It also claims that digital operation on channel 18 would cause interference to KQDS-DT and KBJR-DT on adjacent channels (17/19, respectively). Duluth contends that channel \*31 is a preferable allotment for Hibbing since the current allotment, channel \*51, will ultimately be at the top of the DTV "core" of channels and could cause interference to other authorized services on channels 52 and above. Duluth states that Hibbing does not presently receive any noncommercial educational service of a Grade B signal quality or better.

3. We believe Duluth's proposal warrants consideration since the channel allotment will permit Duluth to replace its NTSC channel with a DTV channel. DTV channel \*31 can be allotted to Hibbing consistent with the criteria set forth in the Commission's *Public Notice* for requests for a DTV channel replacement for a NTSC channel allotment at coordinates (47-22-53 N. and 92-57-15 W.).<sup>3</sup> However, since the community of Hibbing is located within 400 kilometers of the U.S.-Canadian border, concurrence by the Canadian government must be obtained for this proposal. We propose to add DTV channel \*31 with the following specifications:

State & City	DTV Channel	DTV power (kW)	Antenna HAAT(m)
MN Hibbing	*31	500.0	212

4. Accordingly, we seek comments on the proposed amendment of the TV Table of Allotments, Section 73.606(b) of the Commission's Rules, for the community listed below, to read as follows:

<u>City</u>	<u>Channel No.</u>	
	<u>Present</u>	<u>Proposed</u>
Hibbing, Minnesota	13-, *18-	13-

5. We also seek comments on the proposed amendment of the DTV Table of Allotments, Section 73.622(b) of the Commission's Rules, for the community listed below, to read as follows:

---

Allotments to add NTSC television allotments.

<sup>3</sup> The Commission stated in its *Public Notice* that petitions seeking a DTV allotment under these circumstances will be evaluated using the criteria for changing an initial DTV allotment set forth in Section 73.622(a) of the rules. Specifically, the channel may be in the range from 2 to 59, and DTV and NTSC stations must be protected by meeting the engineering criteria of Section 73.623(c) of the Commission's Rules.

<u>City</u>	<u>Present</u>	<u>Channel No.</u> <u>Proposed</u>
Hibbing, Minnesota	36, *51	*31, 36, *51

6. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

7. Interested parties may file comments on or before July 30, 2001, and reply comments on or before August 14, 2001, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554. Additionally, a copy of such comments should be served on the petitioner, or its counsel or consultant, as follows:

(Counsel for Duluth-Superior Area Educational Television Corporation)

8. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the TV Table of Allotments, Section 73.606(b). See Certification That Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981. The Regulatory Flexibility Act of 1980 would also not apply to rule making proceedings to amend the DTV Table of Allotments, Section 73.622(b) of the Commission's Rules.

9. For further information concerning this proceeding, contact Pam Blumenthal, Mass Media Bureau, (202) 418-1600. For purposes of this restricted notice and comment rule making proceeding, members of the public are advised that no ex parte presentations are permitted from the time the Commission adopts a Notice of Proposed Rule Making until the proceeding has been decided and such decision is no longer subject to reconsideration by the Commission or review by any court. An ex parte presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding. However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement. Any comment which has not been served on the petitioner constitutes an ex parte presentation and shall not be considered in the proceeding. Any reply comment which has not been served on the person(s) who filed the comment, to which the reply is directed, constitutes an ex parte presentation and shall not be considered in the proceeding.
