**NOTICE OF PROPOSED RULE MAKING**

**Adopted: May 30, 2001**

**Released: June 8, 2001**

**Comments due: July 30, 2001**

**Reply comments due: August 14, 2001**

By the Chief, Allocations Branch:

1. The Allocations Branch has before it a multiple docket *Notice of Proposed Rule Making* setting forth four separate proposals to amend the FM Table of Allotments, Section 73.202(b) of the Rules. Each proposal involves a change of community of license. Each petitioner states that it will file an application for construction permit at each locality and effectuate the change of community if granted. We believe that each proposal warrants consideration because it complies with our technical requirements and would serve the public interest.

2. Each of the petitioners filed its proposal for reallocation in accordance with the provisions of Section 1.420(i) of the Commission's Rules, which permits the modification of a station's license to specify a new community of license while not affording other interested parties the opportunity to file competing expressions of interest in the proposed allotment.<sup>1</sup>

<sup>1</sup> See *Report and Order* in MM Docket No. 88-526 ("Change of Community R&O"), 4 FCC Rcd 4870 (1989), *recon. granted in part*, 5 FCC Rcd 7094 (1990) ("Change of Community MO&O").

3. This is a multiple docket *Notice of Proposed Rule Making* issued in response to a Commission *Public Notice* released October 2, 1998 (DA 98-1987). We are combining separate FM allotment proposals into a single *Notice of Proposed Rule Making*. Each proposal has its own docket and rule making number and the Commission's Reference Center will maintain a separate file for each docket. As discussed in the *Public Notice*, this procedure will conserve Commission resources and expedite the processing of FM allotment petitions for rule making by avoiding duplicative actions. We request comments and/or counterproposals to the following proposals:

**A. MM Docket No. [01-118] RM-10106**

**Petitioner:** KXXQ Radio Partners, Inc. (“KXXQ”)  
C/O Robert Lewis Thompson  
Hiemann Aitken & Vohra, LLC  
908 King Street, Suite 300  
Alexandria, VA 22314

**Proposal:** KXXQ, licensee of Station KXXQ(FM), Grants, New Mexico, proposes to substitute Channel 264C0 for Channel 264A at Grants, New Mexico, reallocate Channel 264C0 from Grants to Milan, New Mexico, and modify the license for Station KXXQ(FM) to reflect the changes. It also proposes to substitute Channel 299C1 for vacant Channel 265C1 at Shiprock, New Mexico to accommodate the changes.

<u>Community</u>	<u>Present</u>	<u>Channel</u>	<u>Proposed</u>
Grants, New Mexico	224C2, 264A, 279C, 288C		224C2, 279C, 288C
Milan, New Mexico	-----		264C0
Shiprock, New Mexico	265C1		299C1

Coordinates: Coordinates for Channel 264C0 at Milan are 35-2-19 NL and 107-56-52 WL. Coordinates for Channel 299C1 at Shiprock are 36-46-12 NL and 108-42-49 WL.

**Additional Information:** KXXQ notes that the reallocation will not deprive Grants of its sole local aural transmission service and it will provide Milan with its second local aural transmission service and its first competitive service. No urbanized areas are involved. We seek comment on the relative population gains and losses resulting from the reallocation.

Channel 264C0 can be allotted at Milan with a site restriction of 21.2 kilometers (13.2 miles) north of the community. Channel 299C1 can be allotted at Shiprock at the original allotment site. Petitioner pledges to reimburse the eventual permittee at Shiprock for any costs associated with substituting Channel 299C1 for Channel 265C1 at that community.

**B. MM Docket No. [01-119] RM-10127**

**Petitioner:** Clear Channel Broadcasting Licenses, Inc. (“Clear Channel”)  
C/O Marissa G. Repp  
F. William LeBeau  
Hogan & Hartson  
555 Thirteen Street, NW  
Washington, DC 20004-1109

**Proposal:** Clear Channel, permittee of an unconstructed FM station at Van Wert, Ohio, proposes to substitute Channel 230B1 for Channel 230A at Van Wert, reallocate the channel to Columbus Grove, Ohio, as the community's first local aural transmission service, and modify its construction permit to reflect the changes.

<u>Community</u>	<u>Present</u>	<u>Channel</u>	<u>Proposed</u>
Van Wert, Ohio	230A, 255B		255B
Columbus Grove, Ohio	-----		230B1

Coordinates: Coordinates for Channel 230B1 at Columbus Grove are 40-57-33 NL and 84-08-14 WL.

**Additional Information:** This proposal will not deprive Van Wert of its only aural transmission service and will provide a first local service to Columbus Grove. In support of its petition, Clear Channel includes information regarding the independent community status of Columbus Grove, Ohio, in the context of *Faye and Richard Tuck*,<sup>2</sup> although it notes that Columbus Grove is not in any urbanized area.<sup>3</sup> It states that Columbus Grove has its own city government, with an elected mayor, village council and police department. It has a water and sewage department, a public affairs office, school district and library. In addition, it has its own zip code and post office. Finally, it has a weekly newspaper, medical establishments and businesses. We seek comment on the relative population gains and losses resulting from the reallocation.

Channel 230B1 can be allotted at Columbus Grove with a site restriction of 8.1 kilometers (5.0 miles) northwest of the community. This proposal is within 320 kilometers of the Canadian border. Therefore, Canadian concurrence will be requested for this allotment.

**C. MM Docket No. [01-120] RM-10126**

**Petitioner:** Saga Communications of Illinois, Inc. ("Saga")  
 C/O Gary S. Smithwick  
 Smithwick and Belendiuk  
 5028 Wisconsin Ave., N.W. Suite 301  
 Washington, DC 20016

**Proposal:** Reallocate Channel 230B1 from Lincoln, Illinois to Sherman, Illinois and modify the license of Station WMHX(FM) to reflect the change of community.

<u>Community</u>	<u>Present</u>	<u>Channel</u>	<u>Proposed</u>
Lincoln, Illinois	230B1		-----
Sherman, Illinois	-----		230B1

Coordinates: Coordinates for Channel 230B1 at Sherman, Illinois are 40-00-09 NL and 89-39-35 WL.

<sup>2</sup> See 3 FCC Rcd 5374 (1988).

<sup>3</sup> Our initial analysis shows that the proposed site for Channel 230A at Columbus Grove will provide a 70dBu signal to 22% of the Lima, Ohio Urbanized Area.

**Additional Information:** In support of its petition, Saga includes information regarding the community status of Sherman Illinois. It states that Sherman is listed in the U.S. Census and has a 1990 population of 2,080 persons. It has an elected mayor and board of trustees, its own post office and zip code, elementary school, local phone directory, police department, churches, medical professionals, and businesses. We seek comment on the relative population gains and losses resulting from the reallocation.

Channel 230B1 can be allotted at Sherman, Illinois, at petitioner’s requested site 13 kilometers (8.1 miles) north of the community.

**D. MM Docket No. [01-121] RM-10125**

**Petitioner:** Cumulus Licensing Corp. (“Cumulus”)  
 David D. Burns  
 Kathrine L. Calderazzi  
 Paul, Hastings, Janofsky & Walter  
 1299 Pennsylvania Ave., N.W. Tenth Floor  
 Washington, DC 20004-2400

**Proposal:** Reallot Channel 223C from Manning to Moncks Corner, South Carolina, and modify the license of Station WHLZ to reflect the change of community.

<u>Community</u>		<u>Present</u>	<u>Channel</u>	<u>Proposed</u>
Manning, South Carolina	223C		-----	
Moncks Corner, South Carolina		-----		223C

**Coordinates:** Coordinates for Channel 223C at Monck’s Corner are 33-32-05 NL and 79-59-15 WL.

**Additional Information:** In support of its petition, Cumulus states that the community of Moncks Corner is incorporated and has a 1990 U.S. Census population of 5,607 persons. Since Moncks Corner currently has an AM Daytime-only station, Cumulus notes that this reallocation would provide the community with its first full-time station and first FM station. Cumulus is requested to provide additional information on the community status of Moncks Corner. Since there is no change of transmitter site, there are no population gains or losses from this reallocation.

Channel 223C can be allotted at Cumulus’s existing site 37.7 kilometers (23.4 miles) north of the community. We also note that this site is short spaced due to Station WMYB(FM)’s (Channel 221C2, Myrtle Beach, South Carolina), use of Section 73.215 processing toward Station WHLZ. Cumulus states that since this cases involves no change of transmitter site and no increase of short spacing, the ruling in *Report and Order* in MM Docket No. 98-176 (Killeen and Cedar Park, Texas)<sup>4</sup> allowing such a change of community should apply. We seek comment on this issue.

**E. MM Docket No. [ 01-122] RM-10130**

**Petitioners:**     **Infinity Radio License Inc. (“Infinity”)**  
                           **c/o John D. Poutasse**  
                           **2000 K Street, N.W. Suite 600**

**Fletcher, Heald and Hildreth**  
**1300 N. 17<sup>th</sup> Street, 11<sup>th</sup> Floor**  
**Arlington, VA 22209-3801**

**Proposal:** Infinity, licensee of Station WAQZ(FM), Lebanon, Ohio, requests the reallocation of Channel 247A from Lebanon, Ohio to Fort Thomas, Kentucky as the community’s first local aural transmission service, and the modification of Station WAQZ’s license to reflect the change. Caron, licensee of Station WYGY(FM), Hamilton, Ohio, requests the reallocation of Channel 243B from Hamilton to Lebanon and the modification of its license to reflect the change.

<u>Community</u>	<u>Channel</u>	
	<u>Present</u>	<u>Proposed</u>
Hamilton, Ohio	243B, 278B	278B
Lebanon, Ohio	247A	243B
Fort Thomas, Kentucky	----	247A

**Coordinates:** Coordinates for Channel 247A at Fort Thomas, Kentucky, are 39-11-51 NL and 84-22-56 WL. Coordinates for Channel 243B at Lebanon, Ohio, are 39-21-11 NL and 84-19-30 WL.

**Additional Information:** In support of the proposals, Infinity and Caron note that the result of this combination of reallocations will be that neither Hamilton nor Lebanon will be deprived of its sole local service and Fort Thomas will receive it first local aural transmission service. With respect to the community status of Fort Thomas, they state that it was incorporated in 1867 and had a 1990 U.S. Census population of 16,032 persons. They also claim that while Fort Thomas is wholly within the Urbanized Area of Cincinnati, Ohio, it is independent of the Cincinnati Urbanized Area and give information to show its independence based on the factors listed in *Faye and Richard Tuck*<sup>5</sup> They also give information on population gains and losses from the reallocation. We seek comment on these issues.

With respect to the reallocation of Channel 243B from Hamilton to Lebanon and the modification of Station WYGY(FM), they note that no technical changes to the facility are proposed. They thus claim that the proposal is fully spaced based on Section 73.213(a) of the Commission’s Rules regarding “pre-1964” grandfathered short-spaced stations under Section 73.207 of the rules.<sup>6</sup> We seek comment on this issue.

Channel 247A can be allotted at Fort Thomas at petitioner’s requested site 14.7 kilometers (9.1 miles) north of Fort Thomas. Channel 243B can be reallocated from Hamilton to Lebanon at Station WYGY(FM)’s existing site 13.9 kilometers (8.6 miles) southwest of the community.
