REPORT AND ORDER
 (Proceeding Terminated)

Adopted: June 6, 2001

Released: June 15, 2001

By the Chief, Allocations Branch:

1. The Allocations Branch has before it the Notice of Proposed Rule Making and Order to Show Cause in this proceeding. 12 FCC Rcd 11978 (1997). Radio South Burlington, Raymond A. Natole, Eric Straus, Sacred Heart University, Inc. (“Sacred Heart”), Aritaur Communications, Inc. (“Aritaur Communications”), and Historic Hudson Valley Radio, Inc. filed Comments. State University of New York (“SUNY”) filed Comments and a Counterproposal. Sacred Heart, SUNY, and Aritaur Communications filed Reply Comments. Eric Straus, SUNY and WMHT Educational Telecommunications filed Reply Comments in response to the Counterproposal. For the reasons discussed below, we are allotting Channel 273A* to Rhinebeck, New York, and Channel 277A* to North Canaan, Connecticut. We are reserving both allotments for noncommercial educational use.

Background

2. The Notice set forth two mutually exclusive Petitions for Rule Making. Raymond Natole proposed the allotment of Channel 255A to West Hurley, New York, as a first local service. Sacred Heart proposed the allotment of Channel 277A* to North Canaan, Connecticut, as a reserved noncommercial educational channel, as a first local service. In order to accommodate Channel 277A* at North Canaan, Sacred Heart proposed the substitution of Channel 273A for Channel 277A at Sharon, Connecticut, and modification of the Station WQQQ license to specify operation on Channel 273A. To accommodate the Channel 273A allotment at Sharon, Sacred Heart also proposed the substitution of Channel 255A for vacant but applied-for Channel 273A at Rosendale, New York. The Channel 255A substitution at Rosendale is in conflict with the proposed Channel 255A allotment at West Hurley.

3. In response to the Notice, SUNY filed a Counterproposal proposing the allotment of Channel 273A* to Rhinebeck, New York, reserved for noncommercial educational use, as a first local service. To accommodate Channel 273A* at Rhinebeck, it is likewise necessary to substitute Channel 255A for Channel 273A at Rosendale.

4. We are allotting Channel 277A* to North Canaan, Connecticut.¹ This will provide a first local service to a community of 3,284 persons. North Canaan is incorporated and listed in the U.S. Census. As the larger community, the North Canaan proposal would be favored over the smaller community of West Hurley with a population of 2,252 persons. See West Liberty and Richwood, Ohio, 6 FCC Rcd 6068 (1991); Three Oaks and Bridgman, Michigan, 5 FCC Rcd 1004 (1990); Clarksville and Lanesville, Indiana, 4 FCC Rcd 4968 (1989). As proposed, we are reserving the channel for noncommercial educational use. Our engineering review confirms that due to the operation of television Station WRBG, Channel 6, Schenectady, New York, there are no FM channels in the reserved noncommercial educational band (201A to 220A) available at North Canaan. In order to accommodate Channel 277A* at North Canaan, we are substituting Channel 273A for Channel 277A at Sharon, Connecticut, and are modifying the license of Station WQQQ, Sharon, to specify operation on Channel 273A.² The ultimate permittee of the Channel 277A* allotment will be required to reimburse the licensee for the reasonable costs of changing its channel. To accommodate Channel 273A at Sharon, we are also substituting Channel 255A for vacant Channel 273A at Rosendale, New York.³ In addition, we are allotting Channel 273A* to Rhinebeck, New York, as a first local service.⁴ As proposed, we are also reserving this channel for noncommercial educational use due to the fact that television Station WRBG precludes use of a channel in noncommercial educational band. Rhinebeck is listed in the U.S. Census with a population of 7,558 persons. We are allotting Channel 273A* at a reference site closer to Rhinebeck which will obviate any issue with respect to compliance with Section 73.315(a) of the Rules or line-of-site from the transmitter site to Rhinebeck.

5. Aritaur Communications and Eric Straus, applicants for the Channel 273A allotment at Rosendale, filed Comments in support of the proposed Channel 255A allotment at West Hurley. In its Comments, Aritaur Communications notes that both the Channel 277A* allotment at North Canaan and the Channel 255A allotment at Rosendale require site restrictions. For this reason, along with the fact that the channel substitution at Rosendale requires each of the applicants to amend their respective applications to specify the new channel and transmitter site, Aritaur Communications supports the West Hurley proposal. In a separate vein, Eric Straus supports that West Hurley proposal because, as a commercial allotment, it will generate auction revenue while the noncommercial educational allotments at North Canaan and Rhinebeck will not. Neither argument warrants allotting a single Channel 255A to West Hurley at the expense of new allotments at both North Canaan and Rhinebeck. In regard to the Rosendale applicants being required to amend their respective applications to specify a new channel and transmitter site, we note that the Sacred Heart Petition for Rule Making proposing the Channel 255A substitution at Rosendale was filed prior to the filing of the Rosendale applications. In accordance with Section 73.208 of the Rules, these applicants are not entitled to have their individual transmitter site preferences protected by an earlier rulemaking proposal. See also Conflicts Between Applications and petitions for Rule making to Amend the FM Table of Allotments, 6 FCC Rcd 7346 (1991). In regard to the second matter, the Eric Straus reference to a loss of auction revenue does not warrant a West Hurley allotment in view of the significant public interest benefits of two new allotments, and the Commission's long-standing policy of permitting a reservation of a commercial channel for noncommercial educational use due to television Channel 6 preclusion. In implementing the auction process, the Commission did not set forth any basis to obviate either of these determinations. See Implementation of Section 309(j) of the

¹ The reference coordinates for the Channel 277A* allotment at North Canaan, Connecticut, are 42-03-21 and 73-20-56.

² The reference coordinates for the Channel 273A allotment at Sharon, Connecticut, are 41-55-08 and 73-34-22.

³ The reference coordinates for the Channel 255A allotment at Rosendale, New York, are 41-55-43 and 74-07-45. There are ten applications pending for the Channel 273A allotment at Rosendale. Each applicant will be permitted to amend its application without loss of cut-off protection.

⁴ The reference coordinates for the Channel 273A* allotment at Rhinebeck, New York, are 41-54-57 and 73-53-54.

Communications Act-Competitive Bidding for Commercial Broadcast and Instructional Television Fixed Services Licenses, 13 FCC Rcd 15920 (1998); recon denied, 14 FCC Rcd 8724 (1999); modified 14 FCC Rcd 12541 (1999).

6. Accordingly, pursuant to Section 4(i), 5©(1), 303(g) and ® and 307(b) of the Communications Act of 1934, as amended, and Sections 0.61, 0.204(b) and 0.283 of the Commission's Rules, IT IS ORDERED, That effective July 31, 2001, the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, IS AMENDED, with respect to the communities listed below, to read as follows:

<u>Community</u>	<u>Channel No.</u>
North Canaan, Connecticut	277A*
Sharon, Connecticut	273A
Rhinebeck, New York	273A*
Rosendale, New York	255A

7. IT IS FURTHER ORDERED, That pursuant to Section 316(a) of the Communications Act of 1934, as amended, the license of Radio South Burlington, Inc. for Station WQQQ, Sharon, Connecticut, IS MODIFIED to specify operation on Channel 273A in lieu of Channel 277A, subject to the following conditions:

(a) Nothing contained herein shall be construed as authorizing any change in the Station WQQQ license, except for the channel as specified above. Any other changes, except those so specified under section 73.1690 of the Rules, require prior authorization pursuant to an application for construction permit (FCC Form 301).

(b) Program tests may be conducted in accordance with the provisions of Section 73.1620 of the Rules, PROVIDED the transmission facilities comply in all respects with the Station WQQQ license, except for the channel as specified above and a license application (FCC Form 302) is filed within 10 days of the commencement of program tests.

8. IT IS FURTHER ORDRED, That the Secretary of the Commission shall send a copy of this Report and Order BY CERTIFIED MAIL, RETURN RECEIPT REQUESTED, to Radio South Burlington, Inc., Radio Station WQQQ, 19 Boas Lane, Wilton, Connecticut, 06897.

9. A filing window for Channel 277A* at North Canaan, Connecticut, and Channel 273A* at Rhinebeck, New York, will not be opened at this time. Instead, the issue of opening these allotments for application will be addressed by the Commission in a subsequent Order.

10. IT IS FURTHER ORDERED, That this proceeding IS TERMINATED.

11. For further information concerning this proceeding, contact Robert Hayne, Mass Media Bureau, (202) 418-2177.
