NOTICE OF PROPOSED RULE MAKING

Adopted: June 20, 2001

Released: June 29, 2001

1. The Commission has before it for consideration a Petition for Rule Making for the community of Comfort, Texas. Charles Crawford (“Crawford”) has requested the allotment of Channel 291A at Comfort, Texas, as the community’s second local FM broadcast service. Crawford has stated that he will file an application for Channel 291A if the channel is allotted to Comfort.

2. We believe the proposal warrants consideration because the proposed allotment could provide additional local service to the community of Comfort, Texas. In support of the proposal, Crawford states that Comfort has a population of over 1,900 people according to the January 1, 1998 Texas State Data Center. Crawford further states that Comfort has its own school system, fire department, post office and numerous churches, and that the allotment will provide a first competing commercial FM service to the community. A staff engineering analysis indicates that Channel 291A can be allotted to Comfort, Texas, consistent with the minimum distance separation requirements of the Commission’s Rules without a site restriction.¹ Since Comfort is located within 320 kilometers of the U.S.-Mexican Border, concurrence of the Mexican Government will be requested for this allotment.

3. In view of the fact that the proposed allotment could provide additional local service to Comfort, the Commission believes it would serve the public interest to solicit comments on the proposal to allot Channel 291A to Comfort, Texas. Therefore, we will seek comments on the
