NOTICE OF PROPOSED RULE MAKING

Adopted: July 24, 2001

Released: July 27, 2001

Comment Date: September 17, 2001
Reply Comment Date: October 2, 2001

By the Chief, Video Services Division:

1. The Commission has before it a petition for rule making filed by the Montana State University ("MSU"), licensee of noncommercial station KUSM(TV), NTSC channel *9, Bozeman, Montana. MSU requests the substitution of DTV channel *8 for station KUSM(TV)'s assigned DTV channel *20.

2. MSU states that the issuance of Notice of Proposed Rule Making denoting its proposal would be consistent with the Commission's rules and policies that are designed to assist noncommercial and smaller market stations in implementing digital service. MSU states that its station serves the Butte-Bozeman DMA, which is ranked 190th in the United States. MSU believes that adoption of its proposed channel change will reduce the impact of DTV build-out and operating costs by permitting the sharing of certain transmission equipment and facilities. Moreover, MSU claims that the operation on a VHF channel would also help overcome terrain shielding problems , thereby ensuring effective service replication for viewers throughout the mountainous Butte-Bozeman, DMA.

3. We believe petitioner's proposal warrants consideration. DTV Channel *8 can be substituted for DTV Channel *20 at Bozeman, Montana, as proposed, in compliance with the principle community coverage requirements of Section 73.625(a) at coordinates (45-40-24 N. and 110-52-02 W.). In addition, we find that this channel change is acceptable under the 2 percent criterion for de minimis impact that is applied in evaluating requests for modification of initial DTV allotments under Section 73.623(c)(2). However, since the community of Bozeman is located within 400 kilometers of the U.S.-Canadian border, concurrence by the Canadian government must be obtained for this proposal. We propose to substitute DTV Channel *8 for DTV Channel*20 for station KUSM at

Bozeman with the following specifications:

State & City	DTV Channel	DTV power (kW)	Antenna HAAT (m)
MT Bozeman	*8	160.0	305

4. Accordingly, we seek comments on the proposed amendment of the DTV Table of Allotments, Section 73.622(b) of the Commission's Rules, for the community listed below, to read as follows:

<u>City</u>	<u>Channel No.</u>	
	<u>Present</u>	<u>Proposed</u>
Bozeman, Montana	13, ¹ *20	*8, 13,

5. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

6. Interested parties may file comments on or before September 17, 2001, and reply comments on or before October 2, 2001, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554. Additionally, a copy of such comments should be served on the petitioner, or its counsel or consultant, as follows:

 (Counsel for Montana State University)

7. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the TV Table of Allotments, Section 73.606(b) and 73.622(b) of the Commission's Rules. See Certification That Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981. The Regulatory Flexibility Act of 1980 would also not apply to rule making proceedings to amend the DTV Table of Allotments, Section 73.622(b) of the Commission's Rules.

¹ The DTV Table of Allotments was amended to reflect the substitution of DTV channel 13 for DTV channel 16 at Bozeman, Montana, for station KBZK(TV) pursuant to *Report and Order* adopted April 27, 2001.

8. For further information concerning this proceeding, contact Pam Blumenthal, Mass Media Bureau, (202) 418-1600. An ex parte presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding. However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement. Any comment which has not been served on the petitioner constitutes an ex parte presentation and shall not be considered in the proceeding. Any reply comment which has not been served on the person(s) who filed the comment, to which the reply is directed, constitutes an ex parte presentation and shall not be considered in the proceeding.
