ORDER

Adopted: August 6, 2001

Released: August 7, 2001

By the Common Carrier Bureau, Accounting Policy Division:

1. The Accounting Policy Division (Division) has under consideration a Request for Waiver filed by Chapel Hill Independent School District (Chapel Hill), Tyler, Texas.¹ Chapel Hill seeks a waiver to allow consideration of its application as timely filed within the filing window established by the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC or Administrator) for Funding Year 3 of the schools and libraries universal service support mechanism. For the reasons that follow, we deny Chapel Hill's Request for Waiver.

2. Under the schools and libraries universal service support mechanism, eligible schools, libraries, and consortia that include eligible schools and libraries, may apply for discounts for eligible telecommunications services, Internet access, and internal connections.² In order to receive discounts on eligible services, the Commission's rules require that the applicant submit to the Administrator a completed FCC Form 470, in which the applicant sets forth its technological needs and the services for which it seeks discounts.³ Once the applicant has

complied with the Commission's competitive bidding requirements and entered into agreements for eligible services, the applicant must submit a completed FCC Form 471 application to the Administrator.⁴ The Commission's rules allow the Administrator to implement an initial filing period ("filing window") for the FCC Form 471 applications that treats all schools and libraries filing within that period as if their applications were simultaneously received.⁵ Applications that are received outside of this filing window are subject to separate funding priorities under the Commission's rules.⁶ It is to all applicants' advantage, therefore, to ensure that the Administrator receives their applications prior to the close of the filing window.

3. Chapel Hill applied for discount telecommunication services for Funding Year 3 on January 14, 1999.⁷ Instead of using the appropriate Funding Year 3 FCC Form 471 application, Chapel Hill applied for support using a Funding Year 2 FCC Form 471 application.⁸ On February 16, 2000, SLD returned Chapel Hill's application without processing it, stating that Chapel Hill's application failed to meet minimum processing standards for Funding Year 3.⁹ SLD informed Chapel Hill that, because it used the Year 2 FCC Form 471 rather than the Year 3 Form, its application could not be processed.¹⁰

4. On June 15, 2000, Chapel Hill filed an appeal with SLD, asserting that, although it used a Year 2 FCC Form 471 for Funding Year 3 in error, its Funding Year 2 FCC Form 471 was nonetheless filed before the Funding Year 3 filing window closed on January 19, 2000.¹¹ SLD issued an Administrator's Decision on Waiver Request on June 21, 2000, stating that it could not consider Chapel Hill's request.¹² Chapel Hill filed the instant Request for Review with the Commission, requesting that its Funding Year 2 FCC Form 471 be considered as being timely filed for Funding Year 3.¹³

¹³ Request for Waiver, at 1.

5. Under our rules, SLD is authorized to establish and implement filing periods and program standards for FCC Form 471 applications by schools and libraries seeking to receive discounts for eligible services.¹⁴ Although the Commission may waive any provision of its rules, a showing of good cause must support a waiver request.¹⁵ A waiver from the Commission is appropriate if special circumstances warrant a deviation from the general rule, and such deviation would better serve the public interest than strict adherence to the general rule.¹⁶ A rule, therefore, may be waived where the particular facts make strict compliance inconsistent with the public interest.¹⁷ The Year 3 FCC Form 471 required additional information than the Year 2 FCC Form 471. It would be administratively burdensome if SLD were to accept the Year 2 FCC Form 471 only to return to the applicant to collect missing information that was required in the Year 3 Form 471. In this program, using the correct form and providing the correct information is particularly relevant in processing an applicant's application.

6. In this case, Chapel Hill asserts that, despite using a Funding Year 2 Form 471 to apply for Funding Year 3 discounts, its application should be accepted as completed within the filing window.¹⁸ Chapel Hill contends that its forms were filed well within the filing window and it was not notified of the problem until after the filing deadline.¹⁹ Chapel Hill contends that the Education Service Center, a division of the Texas Education Agency, distributed the wrong FCC Forms 470 and 471 at a regional workshop on a compact disc. Chapel Hill asserts that it would have filed timely using the correct FCC Form 471 if the Education Service Center provided the correct FCC Forms.²⁰

7. We conclude that Chapel Hill has provided an insufficient basis for a waiver from the general rule. SLD must review and process thousands of applications each funding year. It is administratively appropriate for SLD to require applicants to adhere to applicable program rules and application requirements.²¹ It is incumbent upon applicants to determine whether their applications are in compliance with program requirements prior to filing. Because applications

may change from year to year, we find that applicants bear the responsibility of determining whether or not the correct form is being used. Chapel Hill should have determined that it was using the wrong application. The FCC Form 471 application and instructions are funding year specific, and each set of instructions provides item-by-item instructions to the corresponding form.²² Further, the instructions encourage applicants to reference the SLD website, to obtain guidance material from SLD's fax-on-demand service, or to contact SLD's Client Service Bureau for assistance with the application process.²³ Specifically, the website instructions for completing FCC Form 471 for Year 3 provide that each form must be a "correct OMB-approved FCC Form 471, with a date of September 1999 in the lower right-hand corner."²⁴

8. Moreover, we are not persuaded by Chapel Hill's assertion that the filing deadline should be waived because SLD did not return Chapel Hill's application within the filing window or because they were given the wrong forms by the Education Service Center. The FCC Form 471 instructions state that if a school or library does not provide the information requested on this form, "the processing of your application may be delayed or your application may be returned to you without action."²⁵ Thus, applicants failing to properly complete the required application or otherwise fail to follow program rules, run the risk that their applications may not be considered within the filing window.

9. SLD received a number of applications that used the wrong form for Funding Year 3. If we were to grant a waiver for using the wrong FCC Form 471, we would then have to grant similar relief to other entities that made similar mistakes, which would in turn increase administrative burdens for SLD. For Funding Year 3, SLD received over 36,000 applications.²⁶ It is impractical, if not impossible, for SLD to review each application and notify applicants of errors prior to the close of the filing window. Instead, the burden of ensuring that complete and accurate information is provided on the correct forms properly rests with applicants themselves. We therefore conclude that, under these circumstances, Chapel Hill has failed to make a showing warranting relief and, therefore, its Request for Waiver must be denied.
