NOTICE OF PROPOSED RULE MAKING

Adopted: August 15, 2001

Released: August 24, 2001

Comment Date: October 15, 2001

Reply Date: October 30, 2001

By the Chief, Allocations Branch

1. The Commission has before it for consideration a Petition for Rule Making filed by Katherine Pyeatt ("Pyeatt"), requesting the allotment of Channel 243C3 to Baird, Texas. Pyeatt has stated that she would file an application for an FM allotment at Baird if a channel is allotted to the community.

2. We believe the proposal warrants consideration because the proposed allotment would provide additional local service to the community of Baird, Texas. In support of her proposal, Pyeatt states that Baird is deserving of additional FM service and clearly meets the Commission's requirements for community status. According to Pyeatt the community of Baird is an incorporated community, located in Callahan County, with a population of 1,870 people according to the January 1, 1998 Texas State Data Center. Further, Baird is the County Seat for Callahan County, has its own post office, mayor, local churches, school system and as of March 1999, 141 business establishments in Baird have been given a credit rating by Dun & Bradstreet. A staff engineering analysis indicates that Channel 243C3 can be allotted to Baird consistent with the minimum distance separation requirements of the Commission's Rules provided there is a site restriction 21.4 kilometers (13.3 miles) north of the community.¹ The staff analysis further shows that the 60 dBu contour for Channel 243C3 will provide coverage to 55,644 people within 4,803 square kilometers.

The staff analysis also shows that while the 70 dBu does not provide service to an urbanized area, the 60 dBu contour does cover approximately 50% of the Abilene Urbanized Area.

¹ The coordinates for Channel 243C3 at Baird are 32-35-06 and 99-21-56.

3. In view of the fact that the proposed allotment could provide additional local service to Baird the Commission believes it would serve the public interest to solicit comments on the proposal to allot Channel 243C3 to Baird, Texas. Therefore, we will seek comments on the proposed amendment to the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, with respect to Baird, Texas:

Community	Channel No.	
	Present	Proposed
Baird, Texas	236C3	236C3, 243C3

4. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

5. Interested parties may file comments on or before October 15, 2001, and reply comments on or before October 30, 2001, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission, Washington, D. C., 20554. Additionally, a copy of such comments should be served on the petitioner, as follows:

6. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules. See Certification that Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981.

7. For further information concerning this proceeding contact Kathleen Scheuerle, Mass Media Bureau, (202) 418-2180. For purposes of this restricted notice and comment rule making proceeding, members of the public are advised that no ex parte presentations are permitted from the time the Commission adopts a Notice of Proposed Rule Making until the proceeding has been decided and such decision is no longer subject to reconsideration by the commission or review by any court. An ex parte presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding. However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon other parties to the proceeding unless the Commission specifically waives this service requirement. Any comment which has not been served on the petitioner constitutes an ex parte presentation and shall not be

considered in the proceeding. Any reply comment which has not been served on the person(s) who filed the comment, to which the reply is directed, constitutes an ex parte presentation and shall not be considered in this proceeding.
