By the Chief, Allocations Branch

1. The Commission has before it for consideration a Petition for Rule Making filed by Katherine Pyeatt ("Pyeatt"), requesting the allotment of Channel 227A to Buffalo Gap, Texas, as the community's first local service. Pyeatt has stated that she would file an application for an FM allotment at Buffalo Gap if a channel is allotted to the community.

2. We believe the proposal warrants consideration because the proposed allotment would provide a first local service to the community of Buffalo Gap, Texas. In support of her proposal, Pyeatt states that Buffalo is deserving of an FM station and clearly meets the Commission's requirements for community status. According to Pyeatt the community of Buffalo Gap, located in Taylor County, has a population of 520 people according to the January 1, 1998 Texas State Data Center. Further, Buffalo Gap has post office, mayor, local churches and businesses. A staff engineering analysis indicates that Channel 227A can be allotted to Buffalo Gap consistent with the minimum distance separation requirements of the Commission's Rules provided there is a site restriction 6.5 kilometers (4.0 miles) west of the community.<sup>1</sup> The staff analysis further shows that the 60 dBu contour for Channel 227A will provide coverage to 117,777 people within 2,516 square kilometers. Since Buffalo Gap is located within 320 kilometers of the U.S-Mexican Border, concurrence of the Mexican Government will be requested for this allotment.

---

<sup>1</sup> The coordinates for Channel 227A at Buffalo Gap are 32-16-55 and 99-53-54.

3. In view of the fact that the proposed allotment could provide a first local service to Buffalo Gap, the Commission believes it would serve the public interest to solicit comments on the proposal to allot Channel 227A to Buffalo Gap, Texas. Therefore, we will seek comments on the proposed amendment to the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, with respect to Buffalo Gap, Texas:

Community	Channel No.	
	Present	Proposed
Buffalo, Texas	-----	227A

4. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

5. Interested parties may file comments on or before October 22, 2001, and reply comments on or before November 6, 2001, and are advised to read the Appendix for the proper procedures. 6. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules. See Certification that Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981.

However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon other parties to the proceeding unless the Commission specifically waives this service requirement. Any comment

which has not been served on the petitioner constitutes an ex parte presentation and shall not be considered in the proceeding.
