NOTICE OF PROPOSED RULE MAKING

Adopted: August 22, 2001

Released: August 31, 2001

Comment Date: October 22, 2001

Reply Date: November 6, 2001

By the Chief, Allocations Branch:

1. Before the Commission for consideration is a multiple docket *Notice of Proposed Rule Making* setting forth separate proposals to amend the FM Table of Allotments, Section 73.202(b) of the Rules. Each petitioner has stated that it will apply for its requested channel, if allotted. We believe that each proposal warrants consideration because it complies with our technical requirements and would serve the public interest.

2. This is a multiple docket *Notice of Proposed Rule Making* issued in accordance with the Commission's *Public Notice* released October 2, 1998 (DA 98-1987). We are combining separate FM allotment proposals into a single *Notice of Proposed Rulemaking*. Each proposal has its own docket and rule making number and the Commission's Reference Center will maintain a separate file for each docket. As discussed in the *Public Notice*, this procedure will conserve Commission resources and expedite the processing of FM allotment petitions for rule making by avoiding duplicative actions. We request comments and/or counterproposals to the following proposals:
