The Region 14 (Indiana, except for Southern Lake Michigan¹) 700 MHz Public Safety Planning Committee and the Region 14 (Indiana, except for Southern Lake Michigan) 800 MHz Regional Conformance Review Committee announce that consecutive meetings will be held on Wednesday, November 14, 2001 at the Indiana State Police District 52 training room located at 8500 East 21st Street, Indianapolis, Indiana.

The first meeting of the Region 14 (Indiana, except for Southern Lake Michigan) 700 MHz Public Safety Planning Committee meeting will convene at 10:00 a.m. The purposes of the meeting are to elect a chairperson and establish the necessary subcommittees.

The Region 14 (Indiana, except for Southern Lake Michigan) 800 MHz Regional Conformance Review Committee will convene its fall meeting at 1:00 p.m., following the adjournment of the Region 14 700 MHz Public Safety Planning Committee meeting. The purpose of the meeting is to review the 800 MHz spectrum use requests currently before the committee.

Both of the Region 14 Public Safety Planning Committee meetings are open to the public. All eligible public safety providers in Region 14 may utilize these frequencies. It is essential that participants be representatives of all eligible public safety providers in order to ensure that your agencies' future spectrum needs are considered in the allocation process. Administrators who are not oriented in the communications field should delegate someone with this knowledge to attend, participate and represent your agency's needs.

All interested parties wishing to participate in the planning for the use of new public safety spectrum in the 700 MHz and 800 MHz band within Region 14 should plan to attend. Region 14 welcomes all interested parties to attend, participate and volunteer for committee assignments.
