Round Result File Formats

Report No. AUC-01-40-J (Auction No. 40)

This *Public Notice* provides file formats for the round results that will be uploaded to the FCC Internet site after each round of Auction No. 40. This information should be helpful to bidders planning to conduct detailed analysis of the round results data. An upcoming *Public Notice* will include full instructions on "How to Monitor the FCC Auctions On-Line." Bidders should be aware that the Commission will not be supporting an auction tracking tool for Auction No. 40.

The round results files are in *dbf* and *txt* format and contain the raw output of the auction data. Attachment A, Auction Bidding System File Definitions, describes these formats.
