NOTICE OF PROPOSED RULE MAKING

Adopted: October 3, 2001

Released: October 12, 2001

Comment Date: December 3, 2001

Reply Date: December 18, 2001

By the Chief, Allocations Branch

1. The Commission has before it for consideration a Petition for Rule Making filed by Charles Crawford ("Crawford") requesting the allotment of Channel 280A at Camden, Alabama. Crawford stated that he would file an application for Channel 280A at Camden if the channel is allotted to the community.

2. We believe the proposal warrants consideration because the proposed allotment could provide additional local FM broadcast service to the community of Camden. Crawford submits that Camden is an incorporated community with a population in excess of 2,400 people. Crawford also states that Camden has its own local government with a mayor, post office and fire department, city hall and a number of local churches. A staff engineering analysis indicates that Channel 280A can be allotted to Camden consistent with the minimum distance separation requirements of the Commission's Rules provided there is a site restriction 10.7 kilometers (6.6 miles) northeast of the community.¹ The site restriction will prevent a conflict with Station WYOK, Channel 281C, Atmore, Alabama.

3. In view of the fact that the proposed allotment could provide additional local service to

Camden, Alabama, the Commission believes it would serve the public interest to solicit comments on the proposal to allot Channel 280A to Camden. Therefore, we will seek comments on the proposed amendment to the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, with respect to Camden, Alabama:

See Certification that Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981.
