ORDER ON RECONSIDERATION

Adopted: November 9, 2001

Released: November 14, 2001

By the Deputy Chief, Cable Services Bureau:

1. In this Order we consider a petition for reconsideration ("Petition") of our Order, DA 97-2066 ("Prior Order"),¹ filed with the Federal Communications Commission ("Commission") on October 27, 1997 by the above-referenced operator ("Operator"). Our Prior Order resolved a complaint filed against Operator's cable programming service tier ("CPST") rates. Operator also filed a refund plan in response to our Prior Order. In this Order, we reconsider and amend our Prior Order and dismiss Operator's Petition and refund plan as moot.

2. Under the Communications Act,² the Commission was authorized, at the time the referenced complaint was filed, to review the CPST rates of cable systems not subject to effective competition to ensure that rates charged are not unreasonable. The Cable Television Consumer Protection and Competition Act of 1992³ ("1992 Cable Act") required the Commission to review CPST rates upon the filing of a valid complaint by a subscriber or local franchising authority ("LFA"). The Telecommunications Act of 1996 ("1996 Act")⁴ and our rules implementing the legislation ("Interim Rules"),⁵ required that a complaint against the CPST rate be filed with the Commission by an LFA that has received more than one subscriber complaint.⁶ The filing of a complete and timely complaint triggers an obligation upon the cable operator to file a justification of its CPST rates.⁷ The Operator has the

burden of demonstrating that the CPST rates complained about are reasonable.⁸ If the Commission finds a rate to be unreasonable, it shall determine the correct rate and any refund liability.⁹

3. Operators must use the FCC Form 1200 series to justify rates for the period beginning May 15, 1994.¹⁰ Cable operators may justify rate increases on a quarterly basis using FCC Form 1210, based on the addition and deletion of channels, changes in certain external costs and inflation.¹¹ Operators may justify their rates on an annual basis using FCC Form 1240 to reflect reasonably certain and quantifiable changes in external costs, inflation, and the number of regulated channels that are projected for the twelve months following the rate change.¹² Any incurred cost that is not projected may be accrued with interest and added to rates at a later time.¹³

4. In response to Operator's Petition, we reviewed our Prior Order and the record and found that a single complaint was filed against Operator's CPST rates on November 15, 1993. We found that Operator justified its actual CPST rate beginning October 1, 1994. We also found that the total overcharges prior to that date were *de minimis* and it would not be in the public interest to order a refund for that period. As there were no valid complaints received against Operator's CPST rates in effect after October 1, 1994, we will, on our own motion, amend our Prior Order to exclude the finding of any refund liability for that period, without addressing the merits of Operator's arguments in the Petition. Because our review results in a finding of no refund liability, we will dismiss Operator's Petition and refund plan as moot.

5. Accordingly, IT IS ORDERED, pursuant to Section 1.106 of the Commission's rules, 47 C.F.R. § 1.106, that In the Matter of Marcus Cable Partners, LP, DA 97-2066, 13 FCC Rcd 6003 (1998) IS AMENDED TO THE EXTENT INDICATED HEREIN.

6. IT IS FURTHER ORDERED, pursuant to Section 1.106 of the Commission's rules, 47 C.F.R. § 1.106, that Operator's petition for reconsideration and refund plan ARE DISMISSED AS MOOT.
