**BELLSOUTH FILES REVISED COST INFORMATION IN THE COST REVIEW  
PROCEEDING FOR RESIDENTIAL AND SINGLE-LINE BUSINESS SUBSCRIBER  
LINE CHARGE (SLC) CAPS**

**CC Docket Nos. 96-262, 94-1**

By Public Notice dated September 17, 2001, the Common Carrier Bureau (Bureau) initiated the Commission's cost review proceeding to determine the appropriate residential and single-line business subscriber line charge (SLC) caps for price cap local exchange carriers (LECs). On October 5, 2001, the Bureau issued a Public Notice granting several price cap LECs' request for a limited extension of time in which to file their cost submissions. Pursuant to that Public Notice, price cap LECs, including BellSouth Telecommunications, Inc. (BellSouth), submitted cost information on November 16, 2001. On December 7, 2001, BellSouth filed corrected cost information, including loop material costs for single line business lines that inadvertently had been excluded from its November 16 filing. We are providing notice of this filing so that parties may comment on BellSouth's corrected December 7 cost information.

Electronic copies of the price cap LEC cost submissions are available from the Commission's Electronic Comment Filing System (ECFS) at <http://www.fcc.gov/e-file/ecfs.html> and on the Competitive Pricing Division's website at <http://www.fcc.gov/ccb/cpd/>. Parties are reminded that comments are due no later than **January 24, 2002**, and reply comments are due no later than **February 14, 2002** in this proceeding. When filing cost information and comments, parties should reference **CC Docket Nos. 96-262 and 94-1**.

For further information, contact Jennifer McKee, Competitive Pricing Division, Common Carrier Bureau, (202) 418-1530.
