WIRELESS TELECOM ACTION

THE PHILADELPHIA METROPOLITAN AREA (REGION 28) RECEIVES APPROVAL FOR MINOR AMENDMENTS TO ITS PUBLIC SAFETY PLAN

(GENERAL DOCKET NO. 89-573)

By this Public Notice, the Commission announces that the Philadelphia Metropolitan Area (Region 28) Radio Planning Committee's proposal to amend the Region 28 Public Safety Regional Plan is approved. The amendment, which revises the current channel allotments for radio frequencies in the 821-824/866-869 MHz bands within the Philadelphia Metropolitan area, reflects changes made as a result of its Filing Window 6A. In accordance with the National Public Safety Plan, each region is responsible for planning its use of public safety radio frequency spectrum in the 821-824/866-869 MHz bands.¹

On September 21, 2000, we received a request from the Philadelphia Region 28 Planning Update Committee proposing to amend the Region 28 Plan, was originally adopted by the Commission on February 2, 1990,² and subsequently revised on December 16, 1993,³ and September 11, 1998⁴

On December 6, 2000, the Commission issued a Public Notice (DA 00-2696) inviting interested parties to file comments regarding the proposed amendment to the Region 28 Plan that was filed with the Commission on September 21, 2000. We have reviewed the Region 28 request. The amendment is a minor change to the Region 28 Plan. Further, we have received no comments in response to the Public Notice of December 6, 2000, referenced above. The amendment is therefore accepted and approved as submitted. The Secretary's office will place the amended Region 28 Plan in the official docket file where it will remain available to the public.

Questions regarding this public notice may be directed to Joy Alford, Wireless Telecommunications Bureau (202) 418-0694.
