By the Chief, Video Services Division:

1. The Commission has before it a petition for rule making filed by Gateway Communications, Inc. ("Gateway"), licensee of station WOWK-TV, NTSC channel 13, Huntington, West Virginia. Gateway requests the substitution of DTV channel 47 for station WOWK-TV's assigned DTV channel 54.

2. Gateway notes that the adoption of its proposal would result in the substitution of a core channel for a non-core allotment, thus allowing it to design and construct only one digital transmission facility for WOWK-DT. Gateway further notes that the Commission has stated that to the extent that in-core channels are available during the transition, efforts would be made to further reduce the number of out-of-core allotments through further amendments to the Table.¹ Gateway also maintains that its construction and related DTV conversion costs would be substantially reduced by the channel substitution, thereby providing Gateway with additional resources to promote and provide WOWK-DT's broadcast service to the public.

3. We believe petitioner's proposal warrants consideration. DTV Channel 47 can be substituted for DTV Channel 54 at Huntington, West Virginia, as proposed, in compliance with the principle community coverage requirements of Section 73.625(a) at coordinates (38-30-21 N. and 82-12-33W.). In addition, we find that this channel change is acceptable under the 2 percent criterion for de minimis impact that is applied in evaluating requests for modification of initial DTV allotments under Section 73.623(c)(2). We propose to substitute DTV Channel 47 for DTV Channel 54 for

station WOWK-TV at Huntington with the following specifications:

4. Accordingly, we seek comments on the proposed amendment of the DTV Table of Allotments, Section 73.622(b) of the Commission's Rules, for the community listed below, to read as follows:

7. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the TV Table of Allotments, Section 73.606(b) and 73.622(b) of the Commission's Rules. See Certification That Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981. The Regulatory Flexibility Act of 1980 would also not apply to rule making proceedings to amend the DTV Table of Allotments, Section 73.622(b) of the Commission's Rules.

However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement.
