NOTICE OF PROPOSED RULE MAKING

Adopted: February 21, 2001

Released: March 2, 2001

Comment Date: April 23, 2001

1. The Commission has before it for consideration a Petition for Rule Making filed by Allan H. Wiener (“Wiener”), requesting the allotment of Channel 234A at Monticello, Maine, as the community’s first local FM service.¹ Wiener has stated that he will file an application to operate an FM station at Monticello if Channel 234A is allotted to the community.

2. We believe the proposal warrants consideration because the proposed allotment would provide a first local FM service to the community of Monticello, Maine. In support of his proposal, Wiener states that Monticello is deserving of an FM station and clearly meets the Commission’s requirements for community status. According to Wiener, the community of Monticello, located in eastern Maine on U.S. Route 1, has a population of 872 people according to the 1990 U.S. Census. Wiener states that Monticello has its own municipal government consisting of a Board of Selectman and Town Supervisor. Monticello has its own Elementary School, Wellington Elementary School, Fire Department and local Post Office and zip code (04760). Wiener further states that Monticello has local restaurants, supply and repair businesses, the Monticello Housing Corp., commercial and game farms, trucking and meat packing businesses and a Methodist, Wesleyan and Pentecostal Church. A staff engineering analysis indicates that Channel 234A can be allotted to Monticello, Maine, consistent with the minimum distance separation requirements of the Commission’s Rules provided there is a site restriction 10.8 kilometers (6.7 miles) north of the community.² The site restriction will prevent a

conflict with Station WSYY, Channel 235C2, Millinocket, Maine. Since the community of Monticello is located within 320 kilometers of the U.S.-Canadian border, concurrence of the Canadian Government will be requested for this allotment. The allotment will be proposed to Canada as a specially negotiated short-spaced allotment.

3. In view of the fact that the proposed allotment could provide Monticello with its first local FM service, the Commission believes it would serve the public interest to solicit comments on the proposal to allot Channel 234A to Monticello, Maine. Therefore, we will seek comments on the proposed amendment to the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, with respect to Monticello, Maine:
