**COMMON CARRIER BUREAU SEEKS COMMENT ON THE
PETITION OF THE TENNESSEE REGULATORY AUTHORITY
FOR ADDITIONAL DELEGATED AUTHORITY TO IMPLEMENT
NUMBER CONSERVATION MEASURES**

NSD File No.: L-01-277
CC Docket 96-98
CC Docket 99-200

Pleading Cycle Established

COMMENTS: February 12, 2001

REPLY COMMENTS: February 28, 2001

On September 28, 1998, the Federal Communications Commission (Commission) released the *Pennsylvania Numbering Order*,¹ which delegated authority to state public utility commissions to order number rationing in jeopardy situations and encouraged state commissions to seek further limited delegations of authority to implement number conservation methods.

On March 31, 2000, the Commission released the *Numbering Resource Optimization First Report and Order*.² In the *Numbering Resource Optimization First Report and Order*, the Commission granted state commissions the authority to engage in certain number conservation measures. The Commission also reiterated that previous state

Dec. 29, 2000) (where the Commission addressed petitions for clarification and reconsideration that were filed in response to the *Pennsylvania Numbering Order*).

delegations of authority to implement number conservation measures were interim in nature and would be superseded by forthcoming decisions in this proceeding. The Commission, however, continued its delegation to the Common Carrier Bureau (Bureau) to rule on state petitions for additional delegation of numbering authority when no new issues are raised.

In paragraph 170 of the *Numbering Resource Optimization First Report and Order*, the Commission required that state commissions seeking thousands-block number pooling authority demonstrate that: 1) a numbering plan area (NPA) in its state is in jeopardy; 2) the NPA in question has a remaining life span of at least a year; and 3) the NPA is in one of the largest 100 Metropolitan Statistical Areas (MSAs), or alternatively, the majority of wireline carriers in the NPA are LNP-capable.

On August 18, 2000, the Tennessee Regulatory Authority (Tennessee Commission or Petitioner) filed a petition requesting additional delegated authority to implement number conservation measures in the state of Tennessee. Specifically, the Petitioner requests authority to implement mandatory thousands-block number pooling for the 615 area code. Petitioner believes that the additional delegated authority to implement thousands-block number pooling will prolong the life of the 615 area code.

We hereby seek comment on the Tennessee Commission's request for additional delegated authority to implement the number conservation measures mentioned above. We note that the Bureau is concurrently releasing six similar public notices in CC Docket Nos. 96-98 and 99-200.³ Interested parties may consolidate in one filing their comments and reply comments in response to the instant petition and the other six petitions. A copy of the instant petition will be available during regular business hours at the FCC Reference Center, Portals II, 445 12th Street, S.W., Suite CY-A257, Washington, D.C. 20554, (202) 418-0270. Interested parties may file comments concerning this matter on or before **February 12, 2001**, and reply comments on or before **February 28, 2001**.
