**ORDER**

**Adopted:** April 11, 2001

**Released:** April 12, 2001

By the Deputy Chief, Policy and Rules Branch, Commercial Wireless Division, Wireless Telecommunications Bureau:

1. We have before us a Petition for Reconsideration (“Petition”), filed by Lancelot Holding Corp. (“Lancelot”) on February 17, 2000, requesting review of the January 18, 2000 cancellation of the above-referenced SMR license (“License”), which Lancelot manages on behalf of the licensee, David Schatzlein (“Schatzlein”). For the reasons discussed herein, we grant Lancelot’s Petition and reinstate the License.
2. The License was cancelled pursuant to a Public Notice that denied various requests for reinstatement and/or other relief submitted by numerous licensees, including Schatzlein.<sup>1</sup> In its Petition, Lancelot concedes that Schatzlein’s submission was “misguided” and was subject to being interpreted as evidence that Schatzlein had not constructed his license timely.<sup>2</sup> Lancelot contends, however, that the License was timely constructed and should be reinstated.
3. Review of Commission records reflects that the License was granted on January 27, 1995, received a twelve-month construction period and was constructed on January 6, 1996. As the License was timely constructed, we conclude that its above-referenced cancellation was administrative error. We therefore will grant Lancelot’s Petition and reinstate the License.
