Telecommunications Company" Status Under the Public Utility Holding Company Act**

NSD File No: ETC 00-52
Pleading Cycle Established

On December 15, 2000, eVent (Triple Point) LLC., a Delaware limited liability company ("Applicant"), pursuant to section 34(a)(1) of the Public Utility Holding Company Act of 1935 ("PUHCA"), as added by section 103 of the Telecommunications Act of 1996, Pub. L. No. 104-104, filed an application requesting a Commission determination that it is an exempt telecommunications company ("ETC").

The application states that eVent (Triple Point) LLC is an indirect subsidiary of Cinergy Corp. ("Cinergy"), a Delaware corporation and registered holding company under PUHCA. Applicant will be exclusively engaged directly, or indirectly through one or more affiliates (as defined in PUHCA section 2(a)(11)(B)), in the business of providing (a) telecommunications services, (b) information services, (c) other services or products subject to the jurisdiction of the Federal Communications Commission, or (d) products or services that are related or incidental to the foregoing.

eVent (Triple Point) LLC's application states more specifically that its anticipated initial activity consists of acquiring and holding an equity interest in Triple Point Technology, Inc. ("Triple Point"), a Connecticut-based technology company that develops and markets a suite of Web-enabled software products that allow energy commodity market participants to manage complex risk scenarios and effectively trade and manage transactions. Applicant's investment in Triple Point will be sufficient to render Triple Point an affiliate of Applicant within the meaning of Section 2 (A)(11)(B) of PUHCA.

In addition to or in lieu of the activities just described, the application also states that the Applicant may in the future engage in such other business activities as are consistent with the definition of an ETC set forth in Section 34(a)(1) of PUHCA.

In accordance with 47 C.F.R. section 1.5004, if the Commission does not issue an order

denying an ETC application within 60 days of receipt of the application, in this case, February 13, 2001, the application will be deemed granted as a matter of law. In accordance with 47 C.F.R. section 1.5003, a person applying in good faith for a Commission determination of ETC status is deemed to be an ETC from the date of receipt of the application, in this case, December 15, 2000, until the date of Commission action pursuant to 47 C.F.R. section 1.5004. In accord with 47 C.F.R. section 1.5005, the Secretary of the Commission is now notifying the Securities and Exchange Commission (SEC) that the Applicant is deemed to be an exempt telecommunications company. In the event that the Commission issues an order within 60 days of receipt of the application denying the application, the Secretary will so notify the SEC. Otherwise, the Commission will take no further action to grant this application.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's *ex parte* rules. See generally 47 C.F.R. sections 1.1200 -- 1.1206. Persons wishing to file comments, regarding the adequacy or accuracy of the Applicant's application requesting status as an ETC must do so no later than **January 30, 2001**.
