NOTICE OF PROPOSED RULE MAKING

Adopted: June 24, 2002

Released: July 1, 2002

Comment Date: August 22, 2002

Reply Comment Date: September 6, 2002

By the Chief, Video Division:

1. The Commission has before it a petition for rule making filed by Arizona Western College ("AWC"), requesting the allotment of DTV channel 24 as the community first noncommercial DTV allotment. AWC states that it will apply for the channel, if allotted.

2. In support of its proposal, AWC submits that it is an accredited community college that offers classes and other educational services at over 40 locations throughout Yuma and La Paz counties. It states that it currently provides programming on two cable television channels, but finds that the cable channels do not reach a substantial percentage of AWC's students and the residents of Yuma and La Paz Counties. AWC states that its governing board has determined that obtaining a noncommercial educational television channel will allow the college to enhance its educational programming to all residents, particularly those who lack cable television service. AWC further notes that it plans to use the proposed new DTV allotment to provide educational and informational services to residents as part of a partnership with the City and County of Yuma.

3. We believe AWC's proposal warrants consideration since the proposal would provide the Yuma with its first local noncommercial television service. DTV Channel *24 can be allotted at Yuma, Arizona, as proposed, in compliance with the principle community coverage requirements of Section 73.625(a) at coordinates 32-56-57 N. and 114-36-46 W. Since the community of Yuma is located within 275 kilometers of the U.S.-Mexican border, concurrence from the Mexican government must be obtained for this allotment. We propose to allot DTV channel *24 at Yuma with the following specifications:

State & City	DTV Channel	DTV power (kW)	Antenna HAAT (m)
AZ Yuma	*24	540	490

4. Accordingly, we seek comments on the proposed amendment of the DTV Table of Allotments, Section 73.622(b) of the Commission's Rules, for the community listed below, to read as follows:

<u>City</u>	<u>Channel No.</u>	
	<u>Present</u>	<u>Proposed</u>
Yuma, Arizona	16, 41	16, *24, 41

5. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

6. Interested parties may file comments on or before August 22, 2002, and reply comments on or before September 6, 2002, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554. Additionally, a copy of such comments should be served on the petitioner, or its counsel or consultant, as follows:

 Washington, DC 20006-1301
 (Counsel for Arizona Western College)

7. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the TV Table of Allotments, Section 73.606(b) and 73.622(b) of the Commission's Rules. See Certification That Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981. The Regulatory Flexibility Act of 1980 would also not apply to rule making proceedings to amend the DTV Table of Allotments, Section 73.622(b) of the Commission's Rules.

8. For further information concerning this proceeding, contact Pam Blumenthal, Media Bureau, (202) 418-1600. For purposes of this restricted notice and comment rule making

proceeding, members of the public are advised that no ex parte presentations are permitted from the time the Commission adopts a Notice of Proposed Rule Making until the proceeding has been decided and such decision is no longer subject to reconsideration by the Commission or review by any court. An ex parte presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding. However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement. Any comment which has not been served on the petitioner constitutes an ex parte presentation and shall not be considered in the proceeding. Any reply comment which has not been served on the person(s) who filed the comment, to which the reply is directed, constitutes an ex parte presentation and shall not be considered in the proceeding.

APPENDIX

1. Pursuant to authority found in Sections 4(i), 5(c)(1), 303(g) and (r), and 307(b) of the Communications Act of 1934, as amended, and Sections 0.61, 0.204(b) and 0.283 of the Commission's Rules, IT IS PROPOSED TO AMEND the DTV Table of Allotments, Section 73.622(b) of the Commission's Rules and Regulations, as set forth in the Notice of Proposed Rule Making to which this Appendix is attached.

2. Showings Required. Comments are invited on the proposal(s) discussed in the Notice of Proposed Rule Making to which this Appendix is attached. Proponent(s) will be expected to answer whatever questions are presented in initial comments. The proponent of a proposed allotment is also expected to file comments even if it only resubmits or incorporates by reference its former pleadings. It should also restate its present intention to apply for the channel if it is allotted and, if authorized, to build a station promptly. Failure to file may lead to denial of the request.

3. Cut-off protection. The following procedures will govern the consideration of filings in this proceeding.

(a) Counterproposals advanced in this proceeding itself will be considered, if advanced in initial comments, so that parties may comment on them in reply comments. They will not be considered if advanced in reply comments. (See Section 1.420(d) of the Commission's Rules).

(b) With respect to petitions for rule making which conflict with the proposals in this Notice, they will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.

(c) The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.

4. Comments and Reply Comments; Service. Pursuant to applicable procedures set out in Sections 1.415 and 1.420 of the Commission's Rules and Regulations, interested parties may file comments and reply comments on or before the dates set forth in the Notice of Proposed Rule Making to which this Appendix is attached. Such comments and reply comments shall be accompanied by a certificate of service. (See Section 1.420(a), (b) and (c) of the Commission's Rules.).
