\*We note that cited population figures reflect 1990 census data. While the FCC's Office of Engineering and Technology (OET) has recently posted 2000 census data, including U.S. territories and protectorates, the Bureau will utilize 1990 data for Auction 46. We used 1990 data in Public Notices announcing and seeking comment on Auction 46, issued prior to the OET posting. Changing census figures at this point would be inconsistent and would cause increases in Upfront Payment and Minimum Opening Bid amounts. The Bureau anticipates utilizing 2000 Census data in subsequent auctions.
