DOMESTIC SECTION 214 APPLICATION FILED FOR CONSENT TO ACQUISITION OF ASSETS OF MCLEODUSA BY HOMEBASE ACQUISITION CORP.

STREAMLINED PLEADING CYCLE ESTABLISHED

WC Docket No. 02-332

On October 9, 2002, McLeodUSA Telecommunications Services, Inc. (McLeodUSA) and Homebase Acquisition Corp. (Homebase) (McLeodUSA and Homebase together, Applicants), filed an application pursuant to section 214 of the Communications Act of 1934, as amended,¹ and sections 63.03 and 63.04(a) of the Commission's rules,² for consent to the acquisition of a portion of McLeodUSA's Illinois long distance customer base by Homebase.³

Applicants assert that this application is subject to streamlined processing under section 63.03(b)(1)(ii) of the Commission's rules because the transferee, Homebase, is not a telecommunications provider.⁴ Homebase is a newly-formed, privately-held Delaware corporation whose principal business is telecommunications.

McLeodUSA provides integrated communications, including interstate services, primarily in 25 Midwest, Southwest, Northwest and Rocky Mountain states. The McLeodUSA

² 47 C.F.R. §§ 63.03, 63.04(a).

³ McLeodUSA has also filed applications to assign all of its common carrier paging radio station licenses to Homebase. Any action on this domestic 214 application is without prejudice to Commission action on other related pending applications. The Commission recently granted an application for Homebase to acquire two common carrier subsidiaries of McLeodUSA's parent, McLeodUSA, Inc. *See Transfer of Control of Illinois Consolidated Telephone Company and McLeodUSA Public Services, Inc. to Homebase Acquisition Corp.*, Notice of Streamlined Domestic 214 Applications Granted, WC Docket No. 02-257, DA 02-2574 (WCB Oct. 8, 2002).

customers that will be transferred to Homebase are located in east central Illinois.

Applicants assert that grant of this application will serve the public interest, convenience and necessity by promoting competition among telecommunications carriers. Specifically, applicants state that approval of the proposed customer base transfer will enable Homebase, a new entrant, to establish a competitive presence in the geographic service areas where the affected customers are located and to concentrate its resources and expertise on providing innovative and diversified service offerings for all consumers in these markets. Applicants assert that these enhancements will inure directly to the benefit of the McLeodUSA customers that will be transferred as well as to consumers generally in the domestic telecommunications marketplace.
