Request for Waiver of Section 11.11(a) of the	)	
Commission's Rules	)	

**ORDER**

**Adopted: October 29, 2002**

**Released: November 5, 2002**

By the Chief, Technical and Public Safety Division, Enforcement Bureau:

1. In this *Order*, we grant Craig Cable Television, Inc. ("Craig") a temporary, 36-month waiver of Section 11.11(a) of the Commission's Rules ("Rules") for the above-captioned cable television system. Section 11.11(a) requires cable systems serving fewer than 5,000 subscribers from a headend to either provide national level Emergency Alert System ("EAS") messages on all programmed channels or install EAS equipment and provide a video interrupt and audio alert on all programmed channels and EAS audio and video messages on at least one programmed channel by October 1, 2002.<sup>1</sup>

2. The Cable Act of 1992 added new Section 624(g) to the Communications Act of 1934 ("Act"), which requires that cable systems be capable of providing EAS alerts to their subscribers.<sup>2</sup> In 1994, the Commission adopted rules requiring cable systems to participate in EAS.<sup>3</sup> In 1997, the Commission amended the EAS rules to provide financial relief for small cable systems.<sup>4</sup> The Commission declined to exempt small cable systems from the EAS requirements, concluding that such an

<sup>1</sup> 47 C.F.R. § 11.11(a).

<sup>2</sup> Cable Television Consumer Protection and Competition Act of 1992, Pub. L. No. 102-385, § 16(b), 106 Stat. 1460, 1490 (1992). Section 624(g) provides that "each cable operator shall comply with such standards as the Commission shall prescribe to ensure that viewers of video programming on cable systems are afforded the same emergency information as is afforded by the emergency broadcasting system pursuant to Commission regulations ...." 47 U.S.C. § 544(g).

<sup>3</sup> *Amendment of Part 73, Subpart G, of the Commission's Rules Regarding the Emergency Broadcast System, Report and Order and Further Notice of Proposed Rule Making*, FO Docket Nos. 91-171/91-301, 10 FCC Rcd 1786 (1994) ("*First Report and Order*"), *reconsideration granted in part, denied in part*, 10 FCC Rcd 11494 (1995).

<sup>4</sup> *Amendment of Part 73, Subpart G, of the Commission's Rules Regarding the Emergency Broadcast System, Second Report and Order*, FO Docket Nos. 91-171/91-301, 12 FCC Rcd 15503 (1997) ("*Second Report and Order*").

exemption would be inconsistent with the statutory mandate of Section 624(g).<sup>5</sup> However, the Commission extended the deadline for cable systems serving fewer than 10,000 subscribers to begin complying with the EAS rules to October 1, 2002, and provided cable systems serving fewer than 5,000 subscribers the option of either providing national level EAS messages on all programmed channels or installing EAS equipment and providing a video interrupt and audio alert on all programmed channels and EAS audio and video messages on at least one programmed channel.<sup>6</sup> In addition, the Commission stated that it would grant waivers of the EAS rules to small cable systems on a case-by-case basis upon a showing of financial hardship.<sup>7</sup> The Commission indicated that waiver requests must contain at least the following information: (1) justification for the waiver, with reference to the particular rule sections for which a waiver is sought; (2) information about the financial status of the requesting entity, such as a balance sheet and income statement for the two previous years (audited, if possible); (3) the number of other entities that serve the requesting entity's coverage area and that have or are expected to install EAS equipment; and (4) the likelihood (such as proximity or frequency) of hazardous risks to the requesting entity's audience.<sup>8</sup>

3. Craig filed a request for a temporary waiver of Section 11.11(a) for the above-captioned cable system on August 2, 2002. In support of its waiver request, Craig states that this is a small, rural cable system which serves approximately 270 subscribers. Craig asserts that the cost of installing EAS equipment at this system will impose a substantial financial hardship on it and provides financial statements for 2000 and 2001 in support of this assertion. Craig indicates that subscribers will continue to have ready access to national EAS information from other sources, including its cable system. In this regard, Craig notes that its subscribers currently have access to national EAS messages on 16 programmed channels.

4. Based upon our review of the financial data and other information submitted by Craig, we conclude that a temporary, 36-month waiver of Section 11.11(a) for the above-captioned system is warranted.<sup>9</sup> In particular, we find that the cost of EAS equipment for this small cable system could impose additional financial hardship on Craig.

5. We note that the Commission recently amended the EAS rules to permit cable systems serving fewer than 5,000 subscribers to install FCC-certified decoder-only units, rather than both encoders and decoders, if such a device becomes available.<sup>10</sup> Based on comments from equipment

<sup>9</sup> The waivers will extend 36-months from October 1, 2002, until October 1, 2005. Additionally, we clarify that the waivers we are granting also encompass the EAS testing and monitoring requirements.

<sup>10</sup> *Amendment of Part 11 of the Commission's Rules Regarding the Emergency Alert System*, EB Docket 01-66, FCC 02-64 at ¶ 71 (released February 26, 2002).

manufacturers, we anticipate that such a decoder-only system could result in significant cost savings to small cable systems.<sup>11</sup>

6. Accordingly, **IT IS ORDERED** that, pursuant to Sections 0.111, 0.204(b) and 0.311 of the Rules,<sup>12</sup> Craig Cable Television, Inc. **IS GRANTED** a waiver of Section 11.11(a) of the Rules until October 1, 2005 for the above-captioned cable television system.

7. **IT IS FURTHER ORDERED** that Craig Cable Television, Inc. place a copy of this waiver in its system file.

8. **IT IS FURTHER ORDERED** that a copy of this *Order* shall be sent by Certified Mail Return Receipt Requested to Greg Quелlette, Manager, Craig Cable Television, Inc., P.O. Box 131, Craig, Alaska 99921.
