Applicant: CoreComm Massachusetts, Inc.

The application indicates that CoreComm plans to discontinue providing local and long distance telecommunications services and toll free services to business and residential customers in the Commonwealth of Massachusetts on December 5, 2002 (or such other times as may be proscribed by the Commission or other regulatory authorities). In accordance with 47 C.F.R. § 63.71(c), the application will be deemed to be automatically granted on the thirty-first (31st) day after the release date of this notice, unless the Commission has notified Applicant that the grant will not be automatically effective. The Commission will normally authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.
