d/b/a Verizon Wireless)
)
For Modification of Authorization)
For Station KNKQ314)

ORDER

Adopted: November 13, 2002

Released: November 14, 2002

By the Chief, Policy and Rules Branch, Commercial Wireless Division, Wireless Telecommunications Bureau:

1. On June 10, 2002, Southern & Central Wireless, LLC, d/b/a Verizon Wireless (Verizon) filed the above-captioned application seeking to amend its authorization by modifying a transmitter in Massanutten, Virginia.¹ The application appeared on public notice as accepted for filing on June 19, 2002.²

2. On July 19, 2002, Virginia 10 RSA Limited Partnership (Virginia-10) filed a petition to deny the application (Petition). In its Petition, Virginia-10 contends that the application proposes to modify Verizon's Massanutten, Virginia site in a manner that would cause its service area boundary to extend into Virginia-10's cellular geographic service area without the consent from Virginia-10.³ On November 5, 2002, Verizon withdrew its application. We therefore dismiss the Virginia-10 Petition as moot.

3. Accordingly, IT IS ORDERED that, pursuant to sections 4(i), 303(r), and 309(d) of the Communications Act of 1934, as amended, 47 U.S.C. §§ 154(i), 303(r), 309(d), and sections 0.331 and 1.939 of the Commission's rules, 47 C.F.R. §§ 0.331, 1.939, the petition to deny filed by Virginia 10 RSA Limited Partnership on July 19, 2002, IS DISMISSED as moot.

FEDERAL COMMUNICATIONS COMMISSION
