NOTICE OF PROPOSED RULEMAKING

Adopted: January 29, 2003

Released: January 31, 2003

Comment Date: March 24, 2003

Reply Comment Date: April 8, 2003

By the Assistant Chief, Audio Division:

1. The Commission has before it for consideration a Petition for Rule Making filed by Moira L. Ritch ("Petitioner"), requesting the allotment of Channel 270C3 at Port St. Joe, Florida, as the community's second local service. Petitioner has stated its intention to file an application for a new channel at Port St. Joe, if allotted.

2. This proposal warrants consideration because the proposed allotment would provide a second local service to the community of Port St. Joe, Florida. A staff engineering analysis indicates that Channel 270C3 can be allotted to Port St. Joe, consistent with the minimum distance separation requirements of the Commission's Rules provided there is a site restriction 2.2 kilometers (1.4 miles) south to avoid a short-spacing to the application site of Station WWAV, Channel 271C2, Santa Rose, Florida and license site of Station WBGE, Channel 270A, Brainbridge, Georgia.¹

3. In compliance with § 1.52 of the Commission's rules, Petitioner is requested to include with its comments verification that the statements contained in the petition are accurate to the best of its knowledge. Although the Petitioner's request was signed, it failed to include an affidavit verifying that the statements contained in the petition were accurate to the best of its knowledge. Section 1.52 of the Commission's Rules require that the original of any document filed with the Commission by a party not represented by counsel be signed and verified by the party and his/her address stated. In the absence of such verification, the petition may be dismissed. Section 1.401(b) of the Commission's Rules concerning rule making proceedings places petitioners on notice that their proposal must conform with the requirements of Section 1.52 regarding subscription and verification.² The Petitioner is requested to rectify this omission in its comments.

¹ The coordinates for Channel 270C3 at Port St. Joe are 29-47-45 North Latitude and 85-17-27 West Longitude.

² See *Amendment of Sections 1.420 and 73.3584 of the Commission's Rules Concerning Abuses of the Commission's Processes*, 5 FCC Rcd 3911, 3919, n.41 (1990).

4. Accordingly, we seek comment on the proposed amendment of the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, with respect to Port St. Joe, Florida.

APPENDIX

1. Pursuant to authority found in Sections 4(i), 5(c)(1), 303(g) and (r), and 307(b) of the Communications Act of 1934, as amended, and Sections 0.61, 0.204(b) and 0.283 of the Commission's Rules, IT IS PROPOSED TO AMEND the FM Table of Allotments, Section 73.202(b) of the Commission's Rules and Regulations, as set forth in the *Notice of Proposed Rule Making* to which this Appendix is attached.

2. Showings Required. Comments are invited on the proposal(s) discussed in the *Notice of Proposed Rule Making* to which this Appendix is attached. Proponent(s) will be expected to answer whatever questions are presented in initial comments. The proponent of a proposed allotment is also expected to file comments even if it only resubmits or incorporates by reference its former pleadings. It should also restate its present intention to apply for the channel if it is allotted and, if authorized, to build a station promptly. Failure to file may lead to denial of the request.

3. Cut-off protection. The following procedures will govern the consideration of filings in this proceeding.

(a) Counterproposals advanced in this proceeding itself will be considered, if advanced in initial comments, so that parties may comment on them in reply comments. They will not be considered if advanced in reply comments. (See Section 1.420(d) of the Commission's Rules).

(b) With respect to petitions for rule making which conflict with the proposals in this *Notice*, they will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.

(c) The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.

4. Comments and Reply Comments; Service. Pursuant to applicable procedures set out in Sections 1.415 and 1.420 of the Commission's Rules and Regulations, interested parties may file comments and reply comments on or before the dates set forth in the *Notice of Proposed Rule Making* to which this Appendix is attached. All submissions by parties to this proceeding or by persons acting on behalf of such parties must be made in written comments, reply comments, or other appropriate pleadings. Comments shall be served on the petitioner by the person filing the comments. Reply comments shall be served on the person(s) who filed comments to which the reply is directed. Such comments and reply comments shall be accompanied by a certificate of service. (See Section 1.420(a), (b) and (c) of the Commission's Rules.) Comments should be filed with the Office of the Secretary, Federal Communications Commission, 445 12th Street, S.W., TW-A325, Washington, D.C. 20554.
