NOTICE OF PROPOSED RULEMAKING

Adopted: July 9, 2003

Released: July 14, 2003

Comments Date: September 5, 2003
Reply comments Date: September 22, 2003

By the Assistant Chief, Audio Division:

1. The Audio Division has before it a petition for rule making filed by Sierra H Broadcasting, Inc. ("Sierra"), licensee of Station KAJM, Channel 282C, Payson, Arizona, requesting the reallocation of Channel 282C from Payson, Arizona, to Camp Verde, Arizona, and the modification of its authorization for Station KAJM to specify operation on Channel 282C at Camp Verde. Sierra stated its intention to file an application for Channel 282C at Camp Verde.

2. Sierra filed this proposal for reallocation in accordance with the provisions of Section 1.420(i) of the Commission's Rules, which permits the modification of a station's license to specify a new community of license while not affording other interested parties the opportunity to file competing expressions of interest in the proposed allotment. In considering a reallocation proposal, we compare the existing allotment to the proposed allotment to determine whether the reallocation will result in a preferential arrangement of allotments. This determination is based upon the FM Allotment priorities.

3. In support of the petition, Sierra states that Channel 282C can be allotted to Camp Verde, Arizona, at the current authorized site of Station KAJM in compliance with Section 73.207 of the Commission's Rules. Sierra further states that Camp Verde satisfies the FCC definition of "community" for allotment purposes. Camp Verde is an incorporated community with a population of 9,451 people according to the 2000 U.S. Census. Camp Verde has its own post office and zip code, local government, police force, public library, school system, fire department, and a weekly newspaper. Camp Verde also has its own Chamber of Commerce, over 15 churches and numerous businesses to serve its residents. According to Sierra, the reallocation of Station KAJM will not create any white or grey area or any loss of service as there is no change in transmitter site. The reallocation could provide Camp Verde with its first

1 See Change of Community R&O, 4 FCC Rcd 4870 (1989), recon. granted in part, 5 FCC Rcd 7094 (1990).

2 The FM Allotment priorities are (1) First full-time aural service. (2) Second full-time aural service. (3) First local service. (4) Other public interest matters. [Co-equal weight is given to priorities (2) and (3)], See Revision of FM Assignment Policies and Procedures, 90 FCC2d 88, 91 (1988).

local service.<sup>3</sup> Sierra also states that Station KAJM will provide city grade service to the entire community of Camp Verde while Payson will continue to be served by Station KMOG(AM) and Station KNRJ(FM).

4. We believe that the proposal warrants consideration since the reallocation could provide Camp Verde with its first local aural transmission service. An engineering analysis shows that Channel 282C can be allotted to Camp Verde in compliance with the Commission’s spacing requirements at coordinates 34-25-48 NL and 111-30-16 WL.<sup>4</sup> Further, since Sierra is not requesting a change in channel or transmitter site, there will be no gain or loss areas. Payson will continue to receive service from Station KAJM while local service will be provided to Payson from Stations KMOG(AM) and KNRJ(FM). As Sierra has stated its intention to use its current authorized transmitter site for Station KAJM, it will be expected to specify its current authorized site for Station KAJM for the applications for a construction permit and a license for Station KAJM, Camp Verde. Should an alternate site be selected for the allotment of Channel 282C at Camp Verde, Sierra will be required to provide a gain and loss study. Channel 282C falls under priority 3), first local service, at Camp Verde and priority 4), other public interest matters, at Payson. Since Camp Verde is located within 320 kilometers of the U.S.-Mexican border, concurrence of the Mexican Government will be requested for the allotment of Channel 282C at Camp Verde. As requested, we shall propose to modify the authorization for Station KAJM to specify operation on Channel 282C at Camp Verde, Arizona, as its new community of license. In accordance with the provisions of Section 1.420(i) of the Commission’s Rules, we shall not accept competing expressions of interest in the use of Channel 282C at Camp Verde.

5. Accordingly, we seek comment on the proposed amendment of the FM Table of Allotments, Section 73.202(b) of the Commission’s Rules, for the communities listed below, to read as follows:

<u>Community</u>	<u>Present</u>	<u>Channel</u>	<u>Proposed</u>
Camp Verde, Arizona	-----		282C
Payson, Arizona	257A, 266C1, 282C		257A, 266C1

6. The Commission’s authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached *Appendix* and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the *Appendix* before a channel will be allotted.

<sup>3</sup> See *Winslow, Camp Verde, Mayer, & Sun City West, Arizona*, 15 FCC Rcd 9155 (M.M.B.). Desert West Air Ranchers Corporation proposed the reallocation of Channel 236C, Station KFMR, from Winslow, Arizona, to Camp Verde, Arizona, but later withdrew the proposal stating that due to rugged terrain around Camp Verde, the signal for Station KFMR would experience multipath interference causing undesirable reception to the service area. Action in the proceeding granted the reallocation of Station KFMR from Winslow to Sun City West, Arizona.

<sup>4</sup> The allotment of Channel 282C at Camp Verde conflicts with the proposed allotment of Channel 282C at Lake Montezuma, Arizona, in MB Docket 02-12. See 17 FCC Rcd 1660 (M.B. 2002). On March 18, 2002, Sierra filed a petition which was accepted as a counterproposal in MB Docket No. 02-12 proposing the reallocation of Station KAJM from Payson, Arizona, to Lake Montezuma, Arizona, and on September 10, 2002, Sierra withdrew the proposal. Although Docket 02-12 is pending with Sierra’s proposal for Camp Verde in conflict with its proposal for Lake Montezuma, we do not view this as a contingent situation since Sierra’s conflict is with its own station at two different communities and the proposal for Lake Montezuma has been withdrawn.
