## OFFICE OF ENGINEERING AND TECHNOLOGY DISMISSES SAFETY CAST CORPORATION APPLICATION FOR SPECIAL TEMPORARY AUTHORITY FOR EXPERIMENTAL RADIO STATION

**File No. 0183-EX-ST-2003**

On April 18, 2003, Safety Cast Corporation filed an application for Special Temporary Authority (STA) in the Experimental Radio Service (File No. 0183-EX-ST-2003). By its experimentation, Safety Cast seeks to test its technology that, it states, uses “an extremely low power, non-commercial, mobile transmitter that will broadcast ‘All Hazard’ alerts, Amber Alerts, and/or emergency ‘alert’ messages from authorized public entity vehicles (Police, Fire/Rescue, *etc.*).” By Public Notice, DA 03-2109, released June 30, 2003, this application was given “permit-but-disclose” status under the Commission’s *ex parte* rules, 47 C.F.R. §§ 1.1200 *et seq.*, and comment was sought, with initial comments due July 30, 2003.

By letter dated July 29, 2003, the Chief, Office of Engineering and Technology (OET) dismissed the Safety Cast application without prejudice to the applicant’s right to file an application (Form 309) with the Media Bureau pursuant to Part 74 of the Commission’s rules. As a result, comment is no longer being sought on this application.

By the Chief, Office of Engineering and Technology
