COMMENTS INVITED ON CABLE & WIRELESS USA, INC. APPLICATION TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES

Comp. Pol. File No. 665

Comments Due: December 22, 2003

Section 214 Application

Applicant: Cable & Wireless USA, Inc.

On November 21, 2003, Cable & Wireless USA, Inc. (C&W or Applicant) located at 11700 Plaza America Drive, Reston, Virginia 20190 filed an application with the Federal Communications Commission (FCC or Commission), requesting authority under section 214(a) of the Communications Act of 1934, as amended, 47 U.S.C. § 214(a), and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue the provision of its U.S. domestic interstate Managed Private Line services in certain geographic areas.

The application states that C&W, a provider of high-performance Internet, data, web hosting and communications services, is restructuring its U.S. business. As part of this restructuring effort, C&W seeks authority to discontinue the provision of certain U.S. domestic interstate Managed Private Line services in California, Florida, Georgia, Illinois, Massachusetts, New Jersey, New York, Pennsylvania, Texas, and the District of Columbia. The application indicates that C&W is non-dominant with respect to these services. C&W states that it plans to discontinue services on January 9, 2004. C&W also indicates that, in accordance with the requirements of section 63.71(a) of the Commission's rules, it notified all affected customers of the proposed discontinuance by sending personalized letters on November 10, 2003.

In accordance with 47 C.F.R. § 63.71(c), the application will be deemed to be automatically granted on the thirty-first (31st) day after the release date of this notice, unless the Commission has notified the Applicant that the grant will not be automatically effective. In C&W's application, C&W indicates that it will not discontinue service until January 9, 2004. Accordingly, pursuant to section 63.71(c), absent further Commission action, C&W may not terminate service to the customers affected by this application until January 9, 2004. The Commission will normally authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a “permit-but-disclose” proceeding for purposes of the Commission's *ex parte* rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before **December 22, 2003**. Such comments should refer to **Comp. Pol. File No. 665**. Comments should include specific information about the impact of this proposed discontinuance on the commenter, including any inability to acquire reasonable substitute service. The original and four (4) copies of the comments should be sent to the Office of the Secretary, Federal Communications Commission, 445 12th Street, S.W., Room TW-A325, Washington, D.C. 20554. Two (2) copies of the comments should also be sent to the Competition Policy Division, Wireline Competition Bureau, Federal Communications Commission, 445 12th Street, S.W., Room 6-A207, Washington, D.C. 20554, Attention: Carmell Weathers.
