NOTICE OF PROPOSED RULEMAKING

Adopted: May 26, 2004

Released: May 28, 2004

Comments Date: July 19, 2004

Reply Comment Date: August 3, 2004

By the Assistant Chief, Audio Division:

1. The Audio Division has before it a multiple docket *Notice of Proposed Rule Making* setting forth two separate proposals to amend the FM Table of Allotments, Section 73.202(b) of the Rules. Each proposal involves a new allotment to the community of license. Each petitioner states that it will file an application for construction and participate at auction if granted. We believe that each proposal warrants consideration because it complies with our technical requirements and would serve the public interest.

2. This is a multiple docket *Notice of Proposed Rule Making* issued in response to a Commission *Public Notice* released October 2, 1998 (DA 98-1987). We are combining separate FM allotment proposals into a single *Notice of Proposed Rule Making*. Each proposal has its own docket and rulemaking number and the Commission’s Reference Center will maintain a separate file for each docket. As discussed in the *Public Notice*, this procedure will conserve Commission resources and expedite the processing of FM allotment petitions by avoiding duplicative actions. We request comments and/or counterproposals for the following proposals:

However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement. Any comment which has not been served on the petitioner constitutes an *ex parte* presentation and shall not be considered in the proceeding.
