**WIRELINE COMPETITION BUREAU EXTENDS REPLY COMMENT
DEADLINES FOR IP-ENABLED SERVICES RULEMAKING AND SBC'S
"IP PLATFORM SERVICES" FORBEARANCE PETITION**

WC DOCKET NOS. 04-29, 04-36

Revised Reply Comment Deadline: July 14, 2004

On March 29, 2004, the Wireline Competition Bureau issued a public notice indicating that initial comments in the Commission's *IP-Enabled Services* rulemaking proceeding (WC Docket No. 04-36) would be due on or before May 28, 2004, and that reply comments would be due on or before June 28, 2004.¹ On March 30, 2004, citing similarities in the issues raised by the two proceedings, the Wireline Competition Bureau extended the previously established deadlines for comments and reply comments relating to SBC Communications Inc.'s petition for forbearance from application of Title II common carrier regulation to "IP Platform Services"² (WC Docket No. 04-29) to match the deadlines established in the *IP-Enabled Services* docket.³

On June 8, 2004, CompTel/ASCENT ("CompTel") filed a motion to extend the deadlines for filing reply comments in these two dockets to July 14, 2004.⁴ CompTel states that "in light of the volume of comments that these matters have generated, the time period between May 28 and June 28 is inadequate to permit CompTel and others to provide the Commission with a full, informed reply" to the initial comments.⁵ CompTel further argues that the brief extension

² SBC defined "IP Platform Services" to include networks relying on IP, the capabilities and functionalities of those networks, and services and applications utilizing those networks to facilitate communications.

requested would not prejudice any party to the proceeding.⁶

It is the policy of the Commission that extensions of time are not routinely granted.⁷ In this case, however, the Bureau finds that CompTel has shown good cause for an extension of the deadline for filing reply comments in these proceedings. In light of the complexity of the issues involved and the unusually high number of initial comments received, we grant a limited extension so that parties may file reply comments in these two dockets on or before **July 14, 2004**.
