The Region 21 700 MHz Public Safety Planning Committee meeting is open to the public. All

eligible public safety providers whose sole or principal purpose is to protect the safety of life, health, or property in Michigan would utilize these frequencies. It is essential that not only public safety, but all government, Native American Tribal, and non-governmental organizations eligible under Section 90.523 of the Commission's Rules be represented in order to ensure that

each agency's future spectrum needs are considered in the allocation process. Administrators who are not oriented in the communications field should delegate someone with this knowledge to attend, participate and represent their agency's needs.

All interested parties wishing to participate in the planning for the use of new public safety spectrum in the 700 MHz band and/or the newly allocated 4.9 GHz band within Region 21 are encouraged to attend. For further information, please contact:
