## INTERNATIONAL BUREAU TO HOST MYIBFS LICENSING SYSTEM DEMONSTRATION

The International Bureau is pleased to announce plans to host demonstrations of the new, proposed MyIBFS system home page, account management functionality, and interactive 312EZ filing process for satellite earth stations to be held on March 25, 2004. MyIBFS will ultimately replace the existing International Bureau Filing System (IBFS). These modules comprise Phase 1 of the IBFS replacement initiative.

The design and functionality of these MyIBFS system components are the result of a collaborative effort involving members of the public, telecommunications industry, and IB staff conducted over eight public design sessions held in December 2003.

The demonstrations, which will include hands-on walkthroughs of the modules, will be held at the FCC's headquarters facility, Portals II, located at 445 12<sup>th</sup> St., SW, Washington, DC. The time and location of each demonstration is identified below. Each demonstration will cover the same material.

TITLE	DATE	TIME	LOCATI ON
Demonstration of MyIBFS Phase 1 modules	03/25/04	10am-12pm	TW- A722B
Demonstration of MyIBFS Phase 1 modules	03/25/04	1:30pm-3:30pm	TW- A722B

Because space is limited, please register to attend either demonstration by e-mailing Mary Jane Solomon at [MaryJane.Solomon@fcc.gov](mailto:MaryJane.Solomon@fcc.gov) or by calling her on 202-418-0593.

If you have any questions about these demonstrations, please contact Mary Jane Solomon at the e-mail address or telephone number listed above.
