MEDIA BUREAU ACTION

ADELPHIA COMMUNICATIONS CORPORATION, DEBTOR-IN-POSSESSION, TIME WARNER INC. AND COMCAST CORPORATION SEEK APPROVAL TO TRANSFER CONTROL AND/OR ASSIGN FCC AUTHORIZATIONS AND LICENSES

MB Docket No. 05-192

PLEADING CYCLE ESTABLISHED

Comments/Petitions Due: July 5, 2005

Responses/Oppositions to Petitions Due: July 20, 2005

On May 18, 2005, Adelphia Communications Corporation (“Adelphia”), Time Warner Inc. (“Time Warner”) and Comcast Corporation (“Comcast”) (collectively, “Applicants”) submitted joint applications to the Commission seeking consent to transfer control of and/or assign various Commission licenses and authorizations pursuant to Section 214 and 310(d) of the Communications Act of 1934.¹ The proposed license transfers and assignments are associated with a series of transactions (“Transactions”) that when completed will effectuate the sale of certain cable systems and assets of Adelphia and its affiliates and related entities to subsidiaries or affiliates of Time Warner; the sale of certain cable systems and assets of Adelphia to subsidiaries or affiliates of Comcast; the exchange of certain cable systems and assets between affiliates or subsidiaries of Time Warner and Comcast; and the redemption of Comcast’s

¹ See 47 U.S.C. §§ 214, 310(d); Applications for Consent to the Assignment and/or Transfer of Control of Licenses, Adelphia Communications Corporation, Assignors, to Time Warner Cable Inc., Assignees; Adelphia Communications Corporation, Assignors and Transferors, to Comcast Corporation, Assignees and Transferees; Comcast Corporation, Transferor, to Time Warner Inc., Transferee; Time Warner Inc., Transferor, to Comcast Corporation, Transferee, Applications and Public Interest Statement (“Application”), MB Docket No. 05-192 (filed May 18, 2005).

interest in Time Warner Cable Inc. (“Time Warner Cable”) and Time Warner Entertainment Company, L.P. (“TWE”).²

The proposed Transactions involve a series of agreements whereby Time Warner Cable and Comcast separately will acquire various cable systems that, in the aggregate, comprise substantially all of the domestic cable systems owned or managed by Adelphia for a total of \$12.7 billion in cash. Adelphia provides cable service to approximately five million subscribers, making it the fifth largest cable television company and the seventh largest multichannel video programming distributor (“MVPD”) in the United States.³ Comcast is the nation’s largest MVPD and will remain so upon completion of the Transactions. Today, Comcast states that it serves approximately 26.1 million subscribers in 35 states and the District of Columbia, or 28.2% of MVPD subscribers nationwide.⁴ Time Warner Cable states that it owns or manages cable systems serving 13.1 million cable subscribers in 27 states, making it the nation’s second largest cable operator and third largest MVPD.⁵

As part of the initial phase of the overall transaction, in accordance with separate purchase agreements, Time Warner NY Cable (TWNy), a wholly-owned subsidiary of Time Warner Cable, and Comcast will each acquire a portion of substantially all of the cable systems owned or operated by Adelphia (the “Adelphia transactions”). Time Warner Cable will pay \$9.2 billion in cash and issue common shares totaling 16% of Time Warner Cable’s outstanding common equity to Adelphia stakeholders. Comcast will pay \$3.5 billion in cash. Each of the Adelphia transactions is conditioned upon contemporaneous consummation of the other. The Adelphia transactions are not dependent on the occurrence of the additional system swaps and redemption transactions between Time Warner Cable and Comcast.

Upon consummation of the Adelphia transactions, Time Warner Cable and Comcast will exchange certain cable systems owned by affiliates of Time Warner or Comcast, respectively, together with certain cable systems to be acquired in the Adelphia transactions. In the exchange transactions, Time Warner Cable will receive current Comcast systems located in or around Los Angeles, California; Cleveland, Ohio; and Dallas, Texas, and systems currently owned by Century-TCI California Communications, L.P., in the Los Angeles area, and by Parnassos Communications, L.P. and Western Cablevision, L.P., in Ohio and western New York. Comcast will receive Time Warner’s current cable systems serving portions of Philadelphia, Pennsylvania and certain systems currently owned by Adelphia located in California, Colorado, Connecticut, Florida, Georgia, Kentucky, Massachusetts, Maryland,

² A complete list of the licenses and authorizations held by Adelphia, Time Warner and Comcast and subject to the filed applications is set forth in the Attachment and Appendix.

³ Adelphia’s subscriber count includes subscribers served by several joint ventures with Comcast: the Century-TCI Joint Venture and the Parnassos Joint Ventures. Adelphia also serves subscribers through joint ventures with Tele-Media Corporation of Delaware.

⁴ Comcast estimates there are 92.6 million MVPD subscribers nationwide (citing Kagan Media Money, April 26, 2005, at 7). Approximately 21.5 million subscribers are served by Comcast’s wholly owned systems; approximately 4.6 million are served by systems owned jointly by Comcast and other cable operators. These include systems jointly owned with Time Warner, which serve approximately 1.5 million subscribers.

⁵ This total includes subscribers served by systems owned jointly with other cable operators, including systems co-owned with Comcast that serve 1.5 million subscribers, and systems owned jointly with the Time Warner Entertainment-Advance/Newhouse Partnership (“TWE-A/N”). TWE-A/N owns systems serving 5.1 million subscribers, of which systems serving 2.9 million subscribers are managed by Time Warner. The remaining 2.2 million TWE-A/N subscribers are served by systems managed by Bright House Networks, an affiliate of Advance/Newhouse. These systems are attributable to Time Warner Cable.

North Carolina, New Hampshire, New York, Pennsylvania, Tennessee, Virginia, Vermont, Washington and West Virginia.

Also upon consummation of the Adelpia transactions, Time Warner Cable and Comcast will execute two Redemption Agreements. First, Time Warner Cable will redeem Comcast's 17.9% equity interest in Time Warner Cable, currently held in an FCC-mandated trust, in exchange for 100% of the common stock of a Time Warner Cable subsidiary that ultimately will own various cable systems, plus approximately \$1.9 billion in cash and 600,000 subscribers. Second, TWE will redeem Comcast's 4.7% limited partnership interest in TWE in exchange for approximately \$133 million in cash, 150,000 subscribers and 100% of the membership interests of a limited liability company that will own various Time Warner Cable systems.

Finally, upon consummation of the Adelpia transactions, certain FCC licenses held by Adelpia will be assigned (or control transferred) to Comcast, its subsidiaries or affiliates, and other Adelpia FCC licenses will be assigned to subsidiaries or affiliates of Time Warner Cable. In addition, upon consummation of the Time Warner/Comcast exchange agreements, control of certain subsidiaries or affiliates of Time Warner Cable or Comcast, respectively, holding FCC licenses (including certain FCC licenses acquired from Adelpia), will be transferred from Time Warner to Comcast or from Comcast to Time Warner. Upon consummation of the redemption agreements between Comcast and Time Warner Cable and TWE, certain FCC licenses will be assigned first to a newly formed Time Warner Cable subsidiary on a *pro forma* basis, and then control of the new entity will be transferred from Time Warner to Comcast. The Applications seek consent for those various assignments and/or transfers of control. Comcast states that upon completion of the Transactions, it will serve approximately 26.8 million subscribers, or 28.9% of MVPD subscribers.⁶ Time Warner Cable states that, as a result of the Transactions, will add 3.5 million basic video subscribers, in total serving 16.6 million basic subscribers nationally, or 17.9% of MVPD subscribers. Time Warner Cable expects to emerge as the second largest MVPD in the United States. Also, upon completion of the Transactions, Time Warner Cable will become a publicly traded company. Time Warner will hold 84% of the common stock and 91% of the voting control of Time Warner Cable. Adelpia stakeholders collectively will hold the remaining 16% of common stock of Time Warner Cable.

***EX PARTE* STATUS OF THIS PROCEEDING**

Because this proceeding involves broad public policy issues, the proceeding will be treated as "permit but disclose" for purposes of the Commission's *ex parte* rules. See generally 47 C.F.R. §§ 1.1200-1.1216. Should circumstances warrant, this proceeding or any related proceeding may be designated as restricted. As a result of the permit-but-disclose status of this proceeding, *ex parte* presentations will be governed by the procedures set forth in Section 1.1206 of the Commission's rules applicable to non-restricted proceedings.⁷

⁶ Approximately 23.3 million of these subscribers will be served by wholly owned systems, and 3.5 million will be served by systems owned jointly with others. Although Comcast expects to add approximately 1.8 million wholly owned subscribers through the Transactions, its total number of subscribers served through jointly owned systems will decrease by approximately 1.1 million, for a net increase of 680,000 subscribers, or 0.73% of MVPD subscribers.

⁷ An *ex parte* presentation is any communication (spoken or written) directed to the merits or outcome of a proceeding made to a Commissioner, a Commissioner's assistant, or other decision-making staff member, that, if written, is not served on other parties to the proceeding or, if oral, is made without an opportunity for all parties to be present. See 47 C.F.R. § 1.1201.

Parties making oral *ex parte* presentations are directed to the Commission's statement re-emphasizing the public's responsibility in permit-but-disclose proceedings and are reminded that memoranda summarizing the presentation must contain the presentation's substance and not merely list the subjects discussed.⁸ More than a one- or two-sentence description of the views and arguments presented is generally required.⁹ We urge parties to use ECFS to file *ex parte* submissions.¹⁰

¹² We note that assignment applications for some of the FCC licenses subject to the Asset Purchase Agreement (that is, the receive-only earth stations held by Adelphia), have not been filed as of this date. In the case of receive-only earth stations, our procedures do not require the filing of transfer or assignment applications, but instead require that the Applicants report the changes in station operator on FCC Form 312 and Schedule A. These changes are then published in the International Bureau's routine Actions Taken public notices and recorded in the Bureau's appropriate data base. See *Deregulation of Domestic Receive-Only Satellite Earth Stations*, Second Report and Order, FCC 86-133, 104 FCC 2d 348, 353 (1986); *New Rules for Part 25 – Satellite Communications*, Public Notice, DA 91-763, Report No. DS-1097, 6 FCC Rcd 3738 (1991); and *Implementation of New Part 25 Regulations for Satellite Space and Earth Station Application and Licensing Procedures*, Public Notice, DA 97-1967, Report No. SPB-104, 12 FCC Rcd 13850 (1997). Thus, if the proposed transactions before us are ultimately approved, we expect the Applicants will report changes in the ownership of the receive-only earth stations listed in Appendix P of the Applications and Public Interest Statement, as we view these receive-only earth stations within the scope of the transactions now under review.

¹⁴ These transfer of control applications reflect proposed “step-two” transactions that are to occur after the associated assignment application is approved, and the assignment is consummated. They have been filed manually because the listed licensee in the transfer of control application is not the current licensee of record, but the entity that will become the licensee of record only after consummation of the proposed “step-one” assignment. See paragraphs 2 – 4 of the Public Notice, *supra*, discussing that some licenses may be involved in two transactions in connection with the proposed Transactions; see Appendix for cross-reference between file numbers for “Step-One” and “Step-Two” transactions.

Appendix

The table below cross-references the "step-one" assignment applications with the associated "step-two" transfer of control applications for the wireless radio licenses. See paragraphs 2 – 4 of the Public Notice, *supra*, discussing that some licenses may be involved in two transactions in connection with the proposed Transactions.
