Media Bureau Notice
Deadline for Filing Mandatory Media Bureau EEO Form 396-C
is September 30, 2005

FCC Form 396-C, Multi-Channel Video Programming Distributor EEO Program Annual Report (September 2003 Edition) is due to be filed electronically with the Commission by midnight on September 30, 2005. Users can access the electronic filing system *via* the Internet from the Commission's Web Site at:

<http://svartifoss2.fcc.gov/cgi-bin/ws.exe/prod/cdbs/forms/prod/cdbsmenu.htm>

Paper versions of the form will not be accepted unless accompanied by an appropriate request for waiver of the electronic filing requirement. The Commission has recognized the need for limited waivers of the electronic filing requirement in light of the "burden that electronic filing could place upon some [entities] who are seeking to serve the public interest, with limited resources, and succeed in a highly competitive local environment." *Streamlining Order*, 13 FCC Rcd 23061. However, such waivers will not be routinely granted and the applicant must plead with particularity the facts and circumstances warranting relief.

As in prior years, randomly selected MVPDs will be required to fill out portions of the Supplemental Investigation Sheet ("SIS") at the end of the form. MVPDs, when they attempt to file Form 396-C electronically, will see a box on page one of the electronic version of the form next to the statement "Supplemental Investigation Sheet attached." If the box is not checked, this means the filer does not need to file the SIS this year. Filers required to file the SIS will see that the computer has filled in the SIS box on their form. For these filers, we are requiring this year that job descriptions be provided only for the professionals category and that only questions one, seven and eight be answered in the question list. At the end of this Public Notice is a list of units required to fill out an SIS for 2005.

As with other electronic forms, filers may fill out part or all of the form and press "save" to save what they have filled out. "Saving" does not file the form but it does keep what has been entered in the filer's form so that the filer may return to the form later and complete it by the due date. When a filer is ready to file a form, filers need to press the "validate" button. Forms can be filed only if their status is "valid." Pressing "save" at this point cancels the valid status. In order to actually file a form, the form must be in "valid" status and filers must press the "File Form" button and complete the filing process. The form may be printed at any stage while it is being filled out.

Instructions for use of the electronic filing system are available in the CDBS User's Guide which can be accessed from the electronic filing web site. Special attention should be given to the details of the applicant account registration function and form filing function. Failure to follow the procedures in the User's Guide may result in a form being dismissed, returned, or not considered as officially filed.

Internet access to the CDBS public access system at the Commission's Web Site requires a user to have a browser such as Netscape version 4.78 or Internet Explorer version 5.0, or later.

For technical assistance using the system or to report problems, please contact the CDBS Help Desk at (202) 418-2MMB. To request additional information concerning the Form 396-C, please call the EEO staff at (202) 418-1450.
