Wireless Telecommunications Bureau Requests Comment On Leap Wireless Petition For Limited Waiver And Brief Extension Of The December 31, 2005 Deadline To Achieve Ninety-Five Percent Penetration Of Location-Capable Handsets Among Its Subscribers

WT Docket No. 05-319

Comments Due: November 29, 2005

Reply Comments Due: December 9, 2005

By this Public Notice, we seek comment on a petition for limited waiver and brief extension filed November 11, 2005 by Leap Wireless International, Inc. (Leap)¹ seeking relief from the requirement that it achieve ninety-five percent penetration of location-capable handsets among its subscribers by December 31, 2005, as required by Section 20.18(g)(1)(v) of the Commission's Rules (Ninety-five Percent Penetration Rule).²

Specifically, Leap seeks to defer its obligation to comply with the Ninety-five Percent Penetration Rule until March 31, 2006.³ In support of its request, Leap cites to the following factors: its history of E911 compliance,⁴ its service model and unique customer base,⁵ lack of PSAP readiness,⁶ efforts to encourage handset upgrades,⁷ and progress in achieving penetration of location-capable handsets.⁸

¹ See Petition for Limited Waiver and Brief Extension of Leap Wireless International, Inc., CC Docket No. 94-102 (filed Nov. 11, 2005) (Leap Request). Because November 11, 2005 was a Federal holiday, the Leap Request appears in the Commission's Electronic Comment Filing System (ECFS) as being filed November 14, 2005, the next business day.

Commenting parties should address the Leap Request relative to the Commission's stated policy that it is critical for all handset-based carriers to meet the final implementation deadline of December 31, 2005 for ninety-five percent location-capable handset penetration, in order to allow all stakeholders (including carriers, technology vendors, public safety entities, and consumers) to have greater certainty about when Phase II will be implemented and ensure that Phase II is fully implemented as quickly as possible.⁹ Further, we seek comment on whether granting the relief requested would be consistent with established waiver standards.¹⁰
