## COMMENTS INVITED ON APPLICATION OF CORECOMM NEW YORK, INC. TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES

WC Docket No. 05-323  
Comp. Pol. File No. 728

**Comment Date: December 7, 2005**

**Section 214 Application**  
**Applicant: CoreComm New York, Inc.**

On October 26, 2005, CoreComm New York, Inc. (CoreComm or Applicant), located at 2100 Renaissance Boulevard, King of Prussia, PA 19406, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue the provision of certain domestic and international telecommunications services<sup>1</sup> to customers located in the state of New York.

CoreComm indicates that it has been in the process of obtaining approval to discontinue service to customers in various locations as part of its emergence from bankruptcy along with its parent company, ATX Communications, Inc. As part of this process, CoreComm identified 190 customer lines in the state of New York that must be disconnected before CoreComm can wrap up its business and dissolve. CoreComm asserts that it has not billed the customers associated with these lines for some time but the affected customers may receive local exchange service from CoreComm via the resale of Verizon service or via UNE-P. CoreComm indicates that certain long distance services may be packaged with local exchange service to these customers, so out of an abundance of caution, CoreComm seeks authority to discontinue local, intrastate toll, interstate toll and international services to its remaining customers in New York. CoreComm states that it provided notice to the affected customers by letter dated October 26, 2005. CoreComm anticipates discontinuing service to these customers on December 27, 2005 or as soon thereafter as the necessary federal and state regulatory authorizations can be obtained. CoreComm asserts that it is a non-dominant carrier for these services in New York.

---

<sup>1</sup> Discontinuance of international service is governed by 47 C.F.R. § 63.19.

In accordance with section 63.71(c) of the Commission's rules, CoreComm's application will be deemed to be granted automatically on the thirty-first (31st) day after the release date of this public notice, unless the Commission notifies CoreComm that the grant will not be automatically effective. In CoreComm's application and notice to its customers, CoreComm indicates that it anticipates discontinuing service on December 27, 2005. Accordingly, pursuant to section 63.71(c) and the terms of CoreComm's application, absent further Commission action, CoreComm may terminate service on **December 27, 2005**. The Commission will normally authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's ex parte rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before **December 7, 2005**. Such comments should refer to **WC Docket No. 05-323 and Comp. Pol. File No. 728**. Comments should include specific information about the impact of this proposed discontinuance on the commenter, including any inability to acquire reasonable substitute service. Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies. *See Electronic Filing of Documents in Rulemaking Proceedings*, 63 FR 24121 (1998).
