TELECOMMUNICATIONS SERVICES**

WC Docket No. 05-344
Comp. Pol. File No. 727

Comments Due: December 28, 2005

Section 214 Application

Applicant: Advanced Tel, Inc. - Consolidated

On **October 21, 2005**, **Advanced Tel, Inc. - Consolidated** (Advanced Tel or Applicant), located at **913 South Burnside Avenue, Gonzales, Louisiana 70737-4258**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue the provision of certain domestic telecommunications services to a segment of customers located in Louisiana. Advanced Tel updated its application with an amendment filed on November 21, 2005.

Advanced Tel states that it is a competitive local exchange carrier in Louisiana, and that it provides local exchange, digital subscriber line (DSL), long distance, and Internet service provider (ISP) services. Advanced Tel seeks to discontinue providing facilities-based competitive local exchange service, local exchange service provided through the resale of BellSouth's services, and DSL service to all customers affected by this application no later than January 14, 2006.¹ Advanced Tel indicates, however, that it intends to continue to provide long distance service and serve as an ISP for individuals who access the Internet through dial-up service. Advanced Tel states that the customers affected by the discontinuance proposed in this application are located in the following parishes in Louisiana: Acadia, Allen, Ascension, Assumption, Avoyelles, Beauregard, Bienville, Bossier, Caddo, Calcasieu, Catahoula, Claiborne, Concordia, De Soto, East Baton Rouge, East Feliciana, Evangeline, Iberia, Iberville, Jackson, Jefferson, Jefferson Davis, Lafayette, Lafourche, Lincoln, Livingston, Madison, Morehouse, Natchitoches, Orleans, Ouachita, Plaquemines, Pointe Coupee, Rapides, Sabine, Saint Bernard, Saint Charles, Saint James, Saint Landry, Saint Martin, Saint Mary, Saint Tammany, St. John the Baptist,

¹ Advanced Tel states that it is filing another discontinuance application with respect to other customers located in Louisiana and Mississippi. Advanced Tel further indicates that its subsidiary, TLX Communications, Inc., is also filing a separate application to discontinue service to certain other local exchange customers in Louisiana.

Tangipahoa, Tensas, Terrebonne, Union, Vermilion, Vernon, Washington, Webster, West Baton Rouge, and West Feliciana. Advanced Tel asserts that it is a non-dominant carrier with respect to the services that it proposes to discontinue, and that the services are competitive in nature.

Advanced Tel states that, on September 22, September 29, and October 6, 2005, it provided written notification of the proposed discontinuance to customers, in accordance with the requirements of section 63.71(a) of the Commission's rules. In these notices, Advanced Tel informed customers of its intent to discontinue service on November 30, 2005. Advanced Tel indicates, however, that it has taken additional steps to ensure adequate notice to all customers due to the effects of Hurricanes Katrina and Rita. Advanced Tel asserts that the U.S. Postal Service has established procedures to deliver mail to persons displaced by the hurricanes. Advanced Tel indicates that it sent notices informing affected customers that Advanced Tel's service is dependent upon BellSouth's downed facilities, and urging these customers to seek alternative carriers when they are able to return. Advanced Tel also states that it provided additional notice to hospitals, schools, and government agencies by U.S. Postal Service Priority Mail with Delivery Confirmation on October 6, 2005 and October 11, 2005. Advanced Tel indicates that, as of November 21, 2005, it received confirmation from all of these customers except for three medical facilities, two law enforcement facilities, and one school, and that a second letter was sent to these remaining customers via regular mail. To the extent that these measures are deemed inadequate, Advanced Tel seeks a waiver of the notification requirement. Finally, Advanced Tel states that it has extended its planned discontinuance date from November 30, 2005 to January 14, 2006 in order to allow for a transition to alternative services.

We seek comment on Advanced Tel's proposed discontinuance of service, including the steps it has taken to notify and protect consumers unable to receive regular U.S. Mail service, in light of the notification procedures prescribed in section 63.71(a) of the Commission's rules. In accordance with section 63.71(c) of the Commission's rules, Advanced Tel's application will be deemed to be granted automatically on the thirty-first (31st) day after the release date of this public notice, unless the Commission notifies Advanced Tel that the grant will not be automatically effective. Accordingly, pursuant to section 63.71(c), absent further Commission action, Advanced Tel may terminate service on **January 14, 2006**. The Commission will normally authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's ex parte rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before **December 28, 2005**. Such comments should refer to **WC Docket No. 05-344d Comp. Pol. File No. 727**. Comments should include specific information about the impact of this proposed discontinuance on the commenter, including any inability to acquire reasonable substitute service.
